

## This Side Of The Sun

By Phat

Some day his lot will be but  
woe,  
He thinks S-T-O-P spells slow.

If you think these little traffic reminders exuding from this old Woodstock of mine are terrible, you should see the flock of verse, so-called, which has come in since the recent lament over the lack of a song about Palm Springs. . . . In that song, "The Lady From 29 Palms" they have "arms" rhyming with "Palms". . . . In one of the local offerings, the writer tried to make "legs" fit in. . . . Only he called them "gambles". . . . At that, I've heard some people pronounce the first half of our famous name as if it rhymed with "gambles".

ONE OF THE Milder manuscripts submitted sputtered along like it says immediately below. It was entitled "Season's Changes".

"Of all things  
It's time for Palm Springs.  
No more crickets.  
Just traffic tickets.  
Kokomo or Tallahassee,  
Palm Springs more classy."

ANOTHER correspondent, this one from Riverside, warns me that in asking for a song, I'm liable to get a dirge. . . . Being from out of town, perhaps that sentiment was prompted by the fact that the writer couldn't get a place to live here at a nominal figure. . . . Some of the others remind me that "worse" practically rhymes with "verse". . . . From the county seat of an adjoining bailiwick comes a similar complaint. . . . The gentleman postcards that his home town is in the same fix that we are but more likely to stay that way. . . . "Who in heck is going to find anything to rhyme with San Bernardino?" he asks.

WE'VE MOVED again. . . . Which prompted one gentleman to say that the crickets are gone but we're still hopping around. . . . And another said that in Palm Springs anything can happen. . . . Even the Sun moves from west to east here. . . . Now we're upstairs. . . . Years ago when first casting discretion to the winds and deciding to be a newsman, the first job I had found me in an upstairs newsroom. . . . At that time, however, I used to take the stairs three steps at a time. . . . Now I wonder if I can make it one at a time.

OLD STREET CARS are being advertised for sale for use as homes. . . . More room than in a trailer. . . . Yeah, but you'd have to lay a track to move them. . . . But the offer provides an idea. . . . How about discarded Pullmans. . . . Two bathrooms. . . . That gold lettering on the doors could be removed so they'd be available for any member of the family. . . . A drawing room. . . . There's a drawback there, too. . . . With sleeping accommodations for 48 week-end guests what excuse could you offer to would-be visitors? . . . And think of the trouble in pairing them off so that you could put a thin one and a stylish stout in an upper. . . . You'd have to buy a diner, too. . . . Might as well have a train. . . . The Sand Dunes express.

THE POLICE BLOTTER had a notation the other day which delighted my sadistic soul. . . . They'd cited a driver for allowing lumber and other corruption to bounce from his truck. . . . and for leaving it lay. . . . There's a state law which provides that nothing can be dropped from a moving vehicle except water from a leaking or overheated radiator. . . . One Villager coming in on Ramon road the other night, blinded by undimmed lights of an approaching car, ran into a big box, loaded with tin cans, some careless driver going to the dump, had lost. . . . He was luckier than Gordon Youngs. . . . Youngs had three tires, big ones of the truck variety, blown as a result of hitting debris left on Ramon by one of those don't-give-a-hoot drivers.

WISH I knew someone who lived on the equator. . . . I'd like to send him a postcard. . . . "Slept under two blankets last night." . . . This really is delightful weather. . . . And the town is full up again. . . . getting so that it takes 30 minutes to walk one block where it could be done in a couple of minutes during the summer. . . . Not because of the crowds but because of the returning Villagers and winter residents who want to tell you: "Don't know why, but, Gee, am I glad to be back!" . . . I know why.

IT HASN'T even been mentioned on the Hit Parade yet. . . . But that's the way I like to pick them. . . . So watch out for "You Do" to make it. . . . Who says I can't do it? . . . An entire column and not a mention of street settees.

### 2,000 Seek Jobs in Village in September

Freeman Fowler, manager of the Palm Springs Free Employment service, reported that approximately 2,000 applicants for positions in the Village had been processed through his office since September 1.

## New Road

### Highway 111 Near Top on Priority List

Be Wider, Smoother  
End Flood Dangers,  
be Wider, Smoother

Early improvement of Highway 111, the continuation of Palm Canyon drive north of the city, was in sight today with the declaration of E. Q. Sullivan, district highway engineer, that the project was high on the state highway commission's priority list.

Mr. Sullivan said that it was impossible to say just when the work would start but that the word "soon" would cover it.

THE IMPROVEMENT, which has been planned since before the war, covers approximately four and one-half miles from Whitewater Point to the north city limits of the Village.

It parallels the present road but at a higher level, eliminating dips across washes and on an alignment which will protect it from floods.

DURING BUILDING of the new road the present highway will be left intact to care for the traffic.

"Highway 111 from the junction with 99-60-70 to Whitewater point is in good shape but from there to the city limits it is narrower and under threat of winter floods," said Sullivan. "It is not wide enough to handle the traffic which is steadily growing."

WHEN THE NEW ROAD is constructed there may be a double highway to the Whitewater point for a while, he added. The present road will constitute one lane and the new road, the other. The Highway 111 project is on with three or four others for first priority, it was said.

### Type O Blood

Another Call Issued  
to Villagers Today

Another call was issued today in the Village for Type O blood which is badly needed at Community hospital. Persons willing to donate are urged to report at the hospital.

The need was brought before Wednesday night's meeting of the American Legion Auxiliary by Mrs. Harriet Henderson, chairman of child welfare.

### AIRPORT GROUP TO MEET

Airport committee of the City Council are scheduled to meet with Mrs. Mary Nelson next week to negotiate a new lease-management agreement of the city-owned Palm Springs airport.

### TO VACATE ROAD

City Council in session Wednesday night voted to vacate a portion of West Potencio road at Hermosa Place in order to better align the former street.

## Local Girl Steals Show At Polio Conference

Mr. and Mrs. Frank R. Chalfont, 3400 Sunny Dunes Road, believe in the miracle of modern medical science.

Their belief stems from the report that their little daughter Ruthy, 12, polio victim, slowly but surely is recovering from a condition which physicians classed as "functional capacity, completely zero," when first admitted to the Georgia Warm Springs Foundation.

FOR MONTHS after her admittance to the hospital, little Ruthy had to remain in an iron lung. Later she was moved to a special bed, then to a wheel chair where she now sits occasionally with more pulleys, slings, splints and attachments than a cargo ship.

During a medical conference held in Warm Springs, Georgia in September, Ruthy absolutely stole the show. At a clinical demonstration Dr. Robert L. Bennett, assistant medical director and director of physical medicine of the Georgia Warm Springs Foundation, had Ruthy eat with a knife and fork, drink a glass of milk by herself, use a handkerchief, put on her glasses, turn the pages of a book, play cards and use a typewriter.

When first admitted the invalid child couldn't turn over in her bed. She couldn't feed herself and couldn't scratch her nose.

VILLAGE CHAMPS—Los Compadres club square dancers who'll represent Palm Springs at the Hemet Fair this week in the square dance contest. Standing, left to right, Mrs. Kenny Paul, Mrs. Jimmy Cooper, Harry Kessler, Mrs. Hutch Moseley, Mrs. Joe Butler. Seated, Kenny Paul, Jimmy Cooper, Hutch Moseley, Joe Butler. (Desert Studio photo.)

## Western Week Judge, Sheriff Aides, Chosen

Judges for the Kangaroo Court, its "High Sheriff" and his bevy of beautiful damsels who will act as deputies, the band that will furnish the music for the street dancing, have all been chosen by Los Compadres club for Western Week, October 16 through the 19th, according to Elmo Purnell, chairman in charge of the event.

Word has been received from the Matched Palomino Quadrill Riding Team of Los Angeles that the riding club will participate in the high noon parade on October 19 and the Western Show at the Field club on the same day. At the latter place the Palomino Quadrill will put on a special trick riding show for the benefit of patrons.

JUDGE for the Kangaroo courts for both nights, October 16 and 17, will be a motion picture celebrity whose name was unannounced at this time.

The parade on Sunday will be led down Palm Canyon drive by Little Bear, who has headed all similar spectacles since the first one coursed down the main street of Palm Springs.

The Smoky Mountain Wranglers have been booked by the Los Compadres to furnish the music for the street dancing scheduled to take place October 17.

JUDGES of the various events, according to Wall Spalding will be prominent citizens of Palm Springs and will award prizes for the best entry in the parade. See WESTERN WEEK, Page 8

THE BEST DAYS IN PALM SPRINGS REAL ESTATE

### HILLSIDE HOME

A Bargain if there ever was one! To be sold at once and at an unheard of price, this has been one of the outstanding Palm Springs houses. The main House consists of 3 bedrooms and two baths; the Guest quarters are one large room and bath. There's a swimming pool nestled in the rocks and the view of the desert floor is unsurpassed. See this great value today; it could not be duplicated at twice the price. This is one you can't afford to miss.

## Village Square Dancers Seek Honors at Hemet

Palm Springs has an excellent chance to score high honors in the square dance contest, a feature of the Farmers' Fair and Festival now under way at Hemet.

Old-time dancing, as done by experts, is on the program with preliminary contests starting last night. The local entry makes its first appearance tomorrow night. If it survives the preliminaries, it will compete in the finals tomorrow night.

REPRESENTING Palm Springs are four Village couples, aided and abetted by an expert caller. They are Mr. and Mrs. Kenny Paul, Mr. and Mrs. Hutch Moseley, Mr. and Mrs. Joe Butler and Mr. and Mrs. Jimmy Cooper, the latter just married. Harry Kessler is going along to call 'em.

The local entries have had much practice in the many old-time and western dances staged in these parts.

DANCE TEAMS are coming from all over the southland for jobs in the Village.

the event which highlight the Hemet festival. The Villagers will meet competition from Cherry Valley, Beaumont, San Bernardino, San Gabriel, Placentia and other spots.

The Hemet fair opened this week and is attracting a large attendance from Riverside and other southland counties.

### Quiet, Please!

Early Birds to Get  
The Bird, Not Worm

Construction work and other disturbing noises are prohibited in Palm Springs before 7:30 a.m. and must cease by 5:30 p.m. according to City Manager William E. Alworth who drew attention to that ordinance which went into effect October 1.

Complaints from residents acquainted with the anti-sleep disturbing ordinance are already coming to the police department about workmen on construction jobs in the Village.

## The PUBLISHER'S Corner

THIS IS NEWSPAPER WEEK . . . which gives the press an opportunity to talk about itself once a year. We'll leave the essays on freedom of the press to more talented writers. Instead we would like to confine our newspaper week editorial to the community newspaper in general and The Desert Sun in particular.

We believe it important in communities such as Palm Springs that its citizens, property owners and business interests know something about the ownership, management and policies of their local newspaper.

A good newspaper—honestly, efficiently and independently operated is a boon to any community; is essential to its growth and prosperity. To perform such a service, the owner and publisher must be a qualified newspaper man, free of entangling alliances and outside interests. We believe there are few who would deny the truth of these statements.

With this in mind—and so that all interested persons may know—we give the simple truths concerning The Desert Sun and its policies. This newspaper is owned at present by the writer and Mr. Carl Barkow (former sole owner) under an operating partnership agreement. Within a few months, when the new plant is installed the writer will become sole owner and publisher.

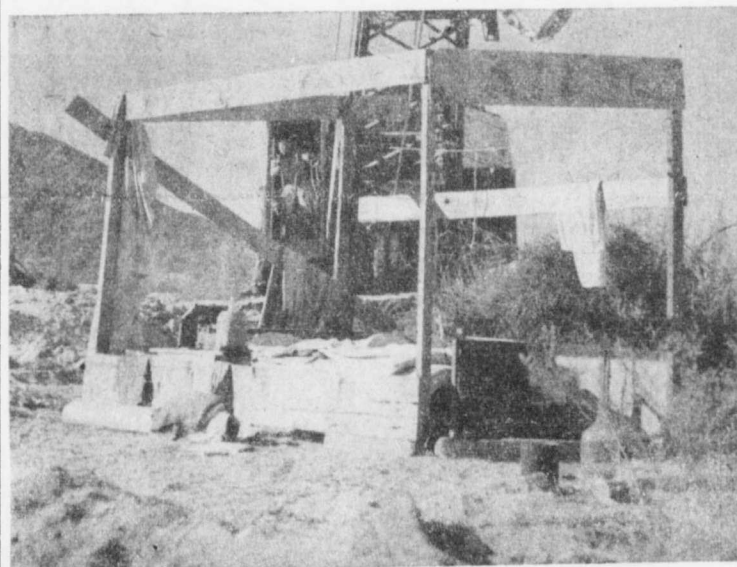

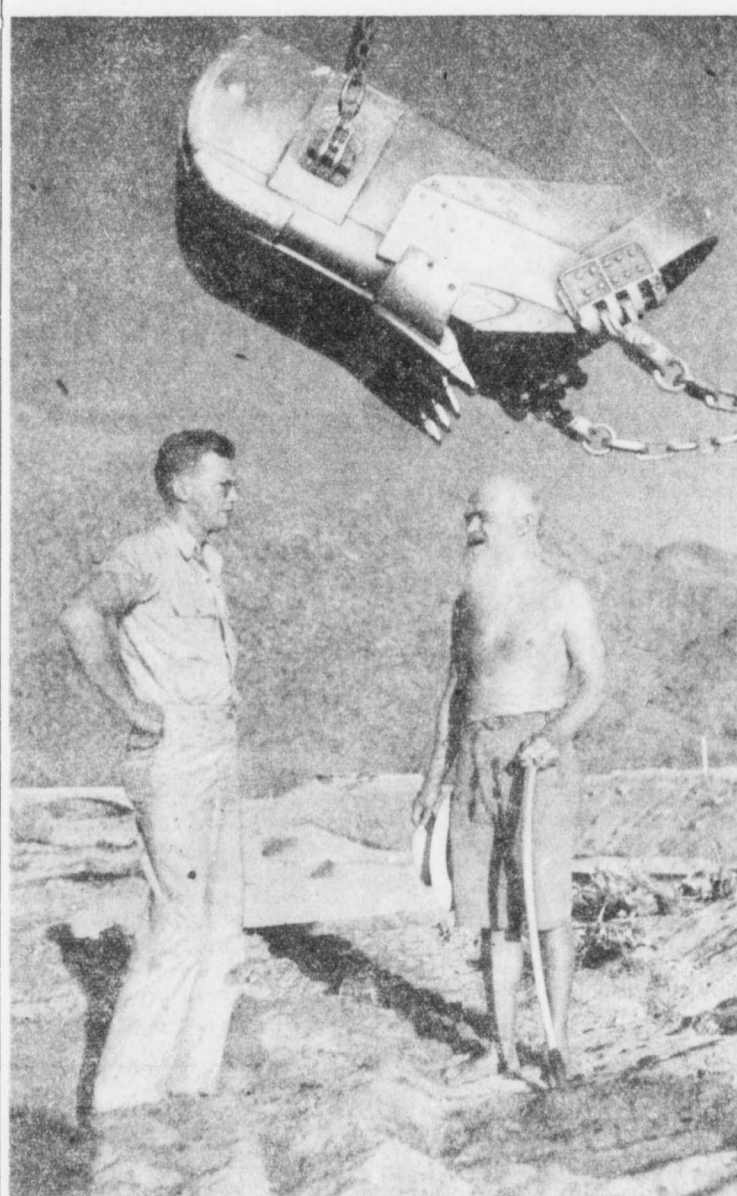

THE SUN'S POLICY is: 1) To give a complete and authentic local news coverage. 2) To create an effective advertising medium for Village merchants. 3) To advocate clean, efficient local government. 4) To foster and encourage development of this famed desert resort. In substance, we feel that our obligation is first to our readers and secondly to our advertisers on whom we must depend largely for the success of the enterprise.

With an ample supply of newsprint paper on hand, our circulation is already approaching an all-time high. As a result, our advertisers are getting the biggest value ever offered by a Palm Springs newspaper. To this will soon be added the advantages of a brand new plant located here in the Village, including a complete array of new type faces.

THE COMMUNITY-MINDED, Desert Sun considers itself strictly a community newspaper whose prime interest is to serve Palm Springs and the surrounding area. We don't pretend to be anything else. The publisher is a Palm Springs resident and home owner with no other business or property interest in the community. Its staff members are all established residents of the desert area—most of whom own their own homes here. When employing new people, preference is always given to local residents.

And last but not least, we are "sold" on this rapidly developing desert area; believe that it will continue to grow and prosper. We intend to keep The Desert Sun right out there in front as it has always been. During its twenty years under the able leadership of Mr. Carl Barkow, the paper always kept pace with the community. It will continue to do so—with the added advantage of a strictly local identity.

So you now know all about us; and please pardon all this "shop talk." We will promise not to inflict it on you until newspaper week rolls around again. In the meantime, we'll try to practice what we preach!

HEAVY, HEAVY—The giant scoop of a power shovel hangs over the head of Edward Fitzgerald, familiar figure on Village streets since 1919, as it prepares to move his humble abode from the path of progress. The home, with the desert for a floor, the sky as a ceiling and the four winds as walls, is shown lower picture. "Be it ever so humble—" quoted Fitzgerald as he philosophically prepared to move. He is shown (right, upper photo) talking to W. B. Rounds, crane operator. (Desert Sun Photos.)

## Progress Dooms Humble Home

But Fitzgerald Takes It Philosophically;  
He Still Has the Wide, Health-Giving Desert

"Be it ever so humble there's no place like home." So quoted Edward Fitzgerald as he watched a giant power shovel scoop coming closer and closer to the tiny plot of ground on which his "open-air home" has been standing for the past three years.

## Season's Plans Topic Monday

One of the most intensive year campaigns in the history of the Palm Springs Chamber of Commerce is expected to take form following a city-wide open forum meeting at the El Paseo theater next Monday night where business men and residents alike will be asked to make their suggestions for activities or the organization.

The forum session, called by President Florian Boyd to coincide with the first regular meeting of the board of directors this season, is expected to attract scores of Villagers. The meeting will open at 8 p.m.

ON THE AGENDA of the board of directors will be action to fill two vice-presidency vacancies and one directorship, action on the community advertising program, and several other important business matters. After these are disposed of, the meeting will be thrown open for discussion of suggested projects of the Chamber of Commerce this year.

A special invitation has been issued by the Chamber of Commerce to all new business men this season, urging them to attend the meeting Monday night and make the acquaintance of

## New Development to Have Pool for Every Ten Homes

Living Terens, Palm Springs representative for the General Building company of Beverly Hills said today that plans were being made for the construction of 100 houses on Vista del Arroyo No. 1, just off Ramon Road, just east of Palm Canyon drive. A unique feature of the development will be a swimming pool built on the tract for every ten homes constructed. The feature houses of the two-bedroom homes, will cost \$8450, Terens said. The General Building company has its main offices at 359 South Palm Canyon boulevard, is a prominent Southland concern and its president, Harry Scholer, formerly of the Veterans administration, is a well known builder who has addressed many real estate gatherings. He is a recognized authority on building in the desert.

The local office of the General Building company is at 443 N. Palm Canyon drive with John Robertson Macartney in charge. The irrigated country to the east of the mountains of the Santa Ana and Wenatchee put an end to profitable fruit growing on the island. The Macartneys have enjoyed conducting service at the little church at East Sound for three Sundays, and find the people wholesome, appreciative and very intelligent. We have enjoyed much hospitality from the people who bring in fruits and vegetables, as well as invite us to their tables.

**THERE IS A WEALTH** of fascinating Indian lore hereabouts, which itself would more than fill your editorial columns. We leave the island on Friday next and after preaching Sunday in my old pulpit in Bellingham and again at First Methodist church, Yakima, we head for Palm Springs, where we expect to find you all sober and in your right minds, and ready for the finest season Palm Springs ever had.

John Robertson Macartney

## Elementary School Children to Take Musical IQ Test

Music of the future is going to be well taken care of under a program started this year in the Desert School district.

Miss Katherine Finchy last week said that the instrumental music set-up in the elementary schools was being expanded and enlarged and a musical measurement test whereby the pupil's aptitude and probable success as a musician can be determined, will be given in the near future. If a pupil shows a leaning toward music, he may enroll in classes to be conducted by Gustav Patzner, instrumental music director at the high school.

## Meeting of State C. of C. Attract Many from Village

Palm Springs will be represented by several chamber of commerce officials and members at the fall meeting of the Southern California council of the California State Chamber of Commerce in Los Angeles Wednesday, Oct. 15.

Principal speaker at a luncheon meeting to follow departmental meetings covering highways, water conservation, recreation, agriculture and many other subjects, will be U. S. Senator Arthur B. Watkins of Utah. He is head of the Western Subcommittee for the congressional committee on the economic report and will speak on the price problem.

The departmental meetings begin at 9 a.m., in the Biltmore hotel and the luncheon will be served in the ballroom.

## Rail Postal Clerk Applications Here

E. L. Weller of the local post office staff, local secretary for the civil service commission, announced today that he has information and application forms for an examination, announced by the commission to fill substitute railway postal clerk positions in all states except New York.

## ARCHES AND NATURAL BRIDGES—Part XXII

Returning from Colorado National Monument, we re-entered Utah and headed south. Arches National Monument just north of the city of Moab was our goal this time. Since the monument is so isolated, we visited its custodian first. He was just about to haul a load of water out there, so we followed him in. The road is narrow, dusty, and winding, but a good one as desert roads go. The custodian directed us further on foot, so we set out on a short tour. This wild area holds a strange fascination, with its indescribably beautiful wind and water sculptures, its balanced rocks, irregular spires, innumerable natural windows, and its many arches. I don't know when I've been more awed by a place than I was at Arches.

Now what the difference between an arch, a window, a buttress, and a bridge is, I know not. I think they're all pretty loosely applied. At any rate, you have the famous Double-O arch (shown very well in the last issue of Geographic in Jack Breed's article on the area), the Parade of the Elephants, the Turret Arch, the North Window, and the South Window, all fairly close to this section of the monument. Landscape Arch and Delicate Arch, among many others, are more remote and require more hiking to view.

At Moab we had a late lunch and decided to head on south at least as far as Blanding. We had met a pair from Minnesota at the arches, and saw them at Moab, little knowing we would see them again. At Blanding we stopped for dinner, and during the meal, I got into conversation with a chap nearby, only to find out he was a friend of mine from Ontario, California, with whom I had attended high school! He operates the one and only motel in Blanding and wanted us to stay overnight as his guest. This we refused to do since we wanted to drive on to the Natural Bridges that same night. However, we did infringe upon his hospitality by taking showers at one of his rooms. Then on over a 50 mile stretch of excellent but slow-driving road into Natural Bridges National Monument, arriving there late that night.

Next morning at daylight we arose and walked to the brink of the canyon to see one of the three Natural Bridges there. This nearest one is called Sipapu Bridge, and is plenty big enough to ride a horse across. In comparison with mighty Rainbow Bridge, which I visited last summer, it seemed small, but to Jim it was a very impressive sight.

We had been given directions that if we continued on down the road toward the ferry at Hite's Crossing, some 5 miles, we could see another of the three bridges by only walking 1/4 mile to the edge of the canyon. But Jim, Penny, and I failed to find it. Ordinarily the three are to be seen only by hiking from one to another in a triangular route, roughly 3 miles on each side.

So we contented ourselves with Sipapu Bridge and returned over the same long road to Blanding. En route back we came thru some magnificent stands of aspen, their pure white trunks like sculptures in the forest background. The road goes between the Bear Ears, two high promontories on the top of a high ridge and visible clearly from Monument Valley, a good 50 miles distant. This route also passes the Goblet of Venus, a unique erosional feature, carved from red sandstone.

It stands about 12 feet high and is only a few inches thick near the base, spreading out on top at the goblet portion to a mass about 6 feet square and undoubtedly weighing a ton or so! It is reached by 1/4 mile hike from the road.

Back to Blanding we headed on

## WANTED

a group of associates to build a 500-room hotel, dance hall, 75x200 swimming pool, four golf courses, four tennis courts and cafeteria, at rentals that will give a chance to the working girl and working man, with their families, to pay the price they can afford; also accommodations for the men and women who work in Palm Springs all year 'round, yet only three minutes from Palm Canyon Drive in Palm Springs. The land has been purchased. This is an opportunity of a life time for big returns.

For Information

**S. KRANTZ**

south. The pavement soon ended and we continued on dirt and gravel to Bluff, stopping to see the dugway cut by the pioneer Mormons in getting their wagon trains through. You can still see their tracks worn deep in the bedrock.

Beyond Bluff we crossed Comb Ridge, once the worst section of the road to Monument Valley, but then in excellent condition. Up Snake Canyon, past the famous Rapley anticline, and off the main road 5 miles to the great goosenecks of the San Juan river. I was glad to note that Chico and my destruction of initials made out of rocks on the edge below, done last summer, was just as we had left it. At this particular spot, the San Juan river doubles upon itself twice like a goose's neck, going some 8 miles to really get less than a mile.

Mexican Hat, that famous balanced rock that resembles a peon's huge spreading chapeau was our next stop. Norman Nevills once climbed it and has photos to prove it, but would never divulge how he did it. I suspect he must have thrown a rope over the top and then climbed up that way.

A stop at Norman's place and a chat with his mother, to learn that Norm was taking a Walt Disney crew down the Colorado, through the Grand Canyon, to Hoover Dam. Disney is doing a feature on the Colorado River.

To be continued.  
(Copyrighted 1947 by Desert Museum)

## Knobby Knit Is Open for Season

The Knobby Knit shop in the Carnell building will be open for the season October 8 with Mrs. Fae Bregin as manager.

Mrs. Bregin has been a resident of Palm Springs for the past three years and was formerly manager of Arnold's Linens.

The west coast of Mexico shipped more than 1500 freight cars loads of tomatoes to the United States during the present season.

In the evolution of air power, as in the evolution of man, an unstable world permits only the survival of the fittest.—Gen. Carl Spaatz, chief of Army Air Forces.

## "It's Living That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean.

We talk about farm profits, production, research, and mechanical improvements... but isn't it true, what we really value is the life country living offers us?... the chance to be close to our families and neighbors... children sharing in the chores... working with our own hands at a worthwhile job.

And country pleasures are simple: good talk at day's end, and

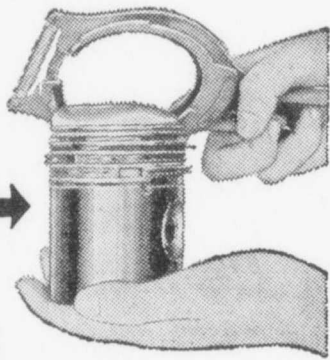

a glass of mellow beer with friends... the companionship of man and wife, untroubled by distractions of the city... the mutual tolerance of one another's tastes—in choosing a friend, or a glass of beer, or a candidate for Governor.

Mind, I'm all for material improvements. But from where I sit, the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

Joe Marsh

## Lock this Stable before the HORSEPOWER'S GONE

One spot in your car's engine has to be tightly closed or horsepower gets away. It's where piston rings fit snug against cylinder walls.

When worn rings let power slip by, waste fuel and oil, it's time for new sets of rings to bring back pep and economy and give your engine a new lease on life.

In Buick Fireball engines, each piston has four rings. Each ring is engineered for just the slot it fits and the job it has to do. You can't expect other rings

to give the same results. We specialize in Buick care. So we have these Buick-engineered piston ring sets just as we have other Buick-engineered parts. We use Buick methods to do the work.

So here's the place to get back your car's flash with new rings or give it any other attention it needs, from a lube job to an overhaul. You're sure of a real Buick job from us. There's a big difference between ordinary service and Buick car care.

"Your Year 'Round Store"

# Cathedral City News Roundup

Reported by MACK MOORE

Mr. and Mrs. Paul Clark are now the sole owners of the Sun Haven court, having recently purchased their partner's, David A. Fall's, interest.

Little Katherine Alis Muir, born Aug. 31, expects to be a Cathedral City permanent resident with her parents, Mr. and Mrs. Guy Muir.

Mr. and Mrs. Donald Behnke and small daughter have returned from a visit in Detroit. Mr. Behnke is the son of Doris Ramsey.

The John Phillips family have moved to Friant, Calif., where he will be in the Reclamation service.

Christine Lillian returned last week from spending the summer in Colorado and Santa Fe, N. M.

Mr. and Mrs. Charles Scherck and daughter Myra, have returned to the De Luxe trailer park for the winter. They had a brief vacation at Big Bear Lake. Mrs. Scherck and daughter occupied Sven-Ska this summer.

Mr. and Mrs. Lyle Kunkle recently deserted Cathedral City and purchased a home in Banning.

Mr. and Mrs. Evan Jones have returned from an interesting summer touring mining towns throughout the west and a few weeks at Monterey and Tahoe.

Frank L. Crane has returned to his new home on D street after spending a month at Yosemite, then touring Oregon and Washington.

Mrs. Sam Farmer and small son, Michael, spent several weeks this summer in Detroit and eastern Canada.

Mr. and Mrs. Paul Williams and Paul Jr., of Mt. Hermon, were recent guests of Mr. and Mrs. Robert Camp.

Mr. and Mrs. Irving Sussman took a sightseeing trip through the south and north rim of Grand Canyon and up to Zion national park enroute home from Prescott, Ariz., where they spent a busy summer.

Mr. and Mrs. Howard Pellum recently returned from a vacation in Connecticut where they

visited their respective families. Herb Henry of the Chevron Station was the only lucky guy to down a buck in his party of four. He accomplished this same feat last year.

Ed. Miller also returned home last week with a deer from the mountains out of Bakersfield where he and Mrs. Miller spent part of the summer.

Tiny Henry and Edna Cobb had a wonderful time on the trip up to the Pendleton Roundup and various other points of interest. The Wilbur Larsons, who preceded them into Oregon, also returned last week.

Mary Jo Graeffe was down for a few days getting their rental property in condition for the winter, since the family will not return to the desert this winter. Mary Jo will attend San Jose State college this year.

Mr. and Mrs. L. C. Lewis have made their appearance in the Village for the winter.

The Art Altons, Leslie Kellys, Arnolds and many other winter residents and property owners have returned to the DeLux Trailer park. Among them are the Johnsons, better known as Ma and Skipper. Mrs. Johnson underwent a very successful operation in San Diego this summer.

Mary Ide has been doing more than her usual amount of gratis work preparing to reopen the library in its new building for the winter. Any donations toward the library building are still in great need.

Keith Smith celebrated his birthday last Wednesday with a swimming party and weiner roast. Eighteen children and several adults attended and a good time was had by all.

Mr. and Mrs. Harvey Peterson returned last week from their trip into Utah, Colorado and Missouri. They brought with them Mr. Peterson's sister, Mrs. Mary Shamberger of St. Joseph, Mo., who plans to spend the winter.

Mrs. Agnes Gould was in town over the week-end getting her desert home in readiness for the winter and will return permanently about the middle of October. She spent part of the summer in Downeyville, and the balance with her daughter in Yucaipa.

Mr. and Mrs. C. M. Shaw have rented the C. V. Kelley residence at Desert Cove ranch for the winter. Their daughter, Jeanette, entered Palm Springs high school as a freshman.

Mrs. Emma Hagen has reopened her home on A street after her usual summer in Santa Ana. Mr. and Mrs. J. K. Wolseth will return the first week of October, after spending the summer in Woodstock, New York.

Mr. and Mrs. Curtis Ring and son Mark are at home after a delightful summer in Estes Park, Colo.

Mrs. Laura Reis of Holly, Mich., was a recent guest of Mrs. H. G. Crawford. She approached the desert via Palm Springs to Pines

highway, and declares she would not need to see the Grand Canyon after that view.

Mr. and Mrs. Frank C. Russell, who have been visiting their home state of Michigan, declare that due to the climate it can get along without them very nicely. They are taking a leisurely trip back west via the upper peninsula, Wisconsin, and Minnesota, etc.

L. C. Lewis last week called a special meeting of the Cathedral City chamber of commerce sanitary committee. It was decided that, as a result of the success of the present system of garbage disposal, this procedure would continue until the proposed sanitary district is established. Therefore, payments should now be made to Mr. Kopp, at the Cathedral Drug for garbage collection from October through January. After the first of October, payments will be delinquent.

## Power Company to Ask Rate Increase Crocker Reveals

Francis F. Crocker, district manager for the California Electric Power company in the Palm Springs area, revealed today that the concern is planning to ask the state utilities commission for an increase in rates.

"Like any other business, we must maintain a proper balance between income and expenditures. However, electric rates, unlike wages, materials, taxes, fuel oil and many other items used in our business, have not been raised to meet increases in costs which have occurred, but to the contrary, showed a marked decrease as late as 1944," Crocker said.

He also said that to keep abreast with the unprecedented demands on the company's services resulting from the tremendous influx of population and industry in California, the company is presently undergoing the largest expansion program in its history, approximately five times that of any previous year, a program that is running at a rate of about five million dollars a year at the present time.

From all indications it is expected that new demands for power will continue to be heavy for several years.

## LEGAL NOTICES

### NOTICE OF DISCONTINUING BUSINESS

We, the undersigned, hereby certify that prior to March 30, 1947, we operated a fuel business in Cathedral City, County of Riverside, State of California, under the fictitious name of "CATHEDRAL CITY FUEL SUPPLY." Said business was discontinued as of the 30th day of March, 1947; that the names in full of the members of said business and their respective residences are as follows, to-wit:

HORACE M. ALLSBERRY, P. O. Box 157, Cathedral City, Calif.  
NELLIE ALLSBERRY, P. O. Box 157, Cathedral City, Calif.

IN WITNESS WHEREOF, we have hereunto set our hands this 30th day of September, 1947.

HORACE M. ALLSBERRY  
NELLIE ALLSBERRY  
STATE OF CALIFORNIA,  
COUNTY OF RIVERSIDE, ss.

On this 30th day of September, 1947, before me, EUGENE E. THERIAU, a Notary Public in and for said County and State, personally appeared HORACE M. ALLSBERRY and NELLIE ALLSBERRY, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

EUGENE E. THERIAU  
Notary Public in and for the County of Riverside, State of California.  
Pub. Sun, Oct. 3, 1947.

## Karoline Dee Back for 7th Season at Mineral Springs

Karoline Dee, masseuse at the Indian Mineral Hot Springs on Indian avenue, this week started her seventh season at that spa, ministering to the health needs of Villagers and visitors.

The hot springs bath house was opened Wednesday on regular season schedule, from 9 a.m. to 6 p.m., she said. Last season 13,952 patrons availed themselves of its soothing waters and massages.

Miss Dee returned last week from a summer spent in the east. She was in charge of the massage department at the famous Wentworth-by-the-Sea in Portsmouth, N. H., while gone from the Village.

The bath house has been newly decorated here and everything is in readiness for another big season, she said.

The Kampferi crab, found in Japanese waters, sometimes has a claw spread of 18 feet.

## Republicans Will Rally Tuesday at Deep Well Ranch

Formation of a young Republican group under the leadership of Joe Henderson and organization of a Republican Woman's Club under the chairmanship of Mrs. Billy Wright, is scheduled at a Republican meeting at Deep Well Ranch Tuesday October 7 according to Mrs. Melba Bennett, local and county Republican leader.

At the same time, Mrs. Bennett said, plans for the Riverside countywide barbecue to take place in Palm Springs November 4, will be mapped.

"All Republicans are cordially invited to attend," declared Mrs. Bennett. "The meeting of Tuesday will be an interesting one and again I urge the attendance of all Republicans."

Early Greeks used the word meteor to mean atmospheric phenomena in general, such as clouds, halos and rainbows, as well as shooting stars.

**THE BEST BUYS IN PALM SPRINGS REAL ESTATE**

**HILLSIDE HOME**  
A Bargain if there ever was one! To be sold at once and at an unheard of price, this has been one of the outstanding Palm Springs houses. ## Medals for Village Vets

Army Representatives To Be at Post Office  
Oct. 17 to Issue NeNw Medals to War II Vets

A representative of the United States army and air force recruiting service will be at the Palm Springs post office from 9:30 a. m. until 2:30 p. m., October 17, to issue medals to veterans for service during World War II, according to word received by Commander John Connell of Owen B. Coffman post, American Legion.

It was announced by the recruiting service that the American Defense Medal and the World War II Victory Medal will be available for issue to eligible veterans who present themselves at the post office on that day. After that date eligible veterans who desire the medals will be required to present themselves at the United States army and air force recruiting service office at Room 216, post office building in Riverside.

To receive the medals, veterans must have with them the original copy of their discharge certificate or the original copy of certificate of service (former officers).

Qualification for receipt of the medals is as follows: Those who served in the army between Sept. 8, 1939 and Dec. 7, 1941 are eligible to receive the American Defense Medal. Those with service between Dec. 7, 1941 and Dec. 31, 1946 are entitled to receive the World War II Victory Medal.

The two medals have only recently been coined by the mint and no general distribution has been made.

## Threatened

Ranch Home Saved  
After 2-Hour Fight

Peggy Randall of Rancho Mirage almost didn't have her comfortable ranch home in that area today.

If it hadn't been for her father, R. R. McKnight, there would have been no house.

A brush fire on an adjoining ranch went right through a fence and swept about three acres of pasture land on her property before McKnight got it under control using garden hose, shovel, sacks and whatever came in handy.

He fought the blaze for two hectic hours before finally getting it under control.

yet been made to veterans.

Commander Connell said that naval veterans could obtain their medals by applying at the U. S. Navy Recruiting office in Riverside.

## Auxiliary Launches Season at Active Initial Gathering

The initial fall meeting of Owen Coffman Unit, American Legion Auxiliary, held Wednesday evening at the Desert Inn Fiesta House, attracted many members who have returned to the Village for the new season, as well as those who remained here most of the summer and carried on the necessary welfare work of the organization.

The enthusiastic group which was present discussed plans for an unusually busy season. While the regular activities of the auxiliary, child welfare, rehabilitation, and other important programs are being conducted at all times, uppermost in the minds of the members at present is the long-anticipated auxiliary meeting room and lounge in the Owen Coffman Post Memorial building which is now under construction on Belardo road.

NOVEMBER 11 is the date set for an auxiliary Armistice Day benefit bridge tea, location to be announced soon. Proceeds from this benefit will be used to purchase furnishings for the auxiliary's room. Heading the house committee for this project is Mrs. Harold N. Lienau Jr., past president of the unit, who will be assisted by Mrs. G. K. Sanborn, Mrs. Jay Morrison, and Miss Inah Peterson. Other members will be named to serve on the committee for the bridge tea. Tickets will be available for this social event at an early date.

Mrs. Homer Jenkins, ways and means chairman, announced plans for the annual hope chest drawing and dance which will be an auxiliary event in the early part

MUSIC TO GO MAD BY—Spike Jones and his City Slickers, whose melodic mayhem shouldn't happen to a song, headlight the CBS "Spotlight Review," a new weekly half hour of merry, musical madness on Friday nights. Dorothy Shay, the Park Avenue Hillbilly, is the vocalist. The show is heard over Palm Springs station, KCMJ, at 7:30 p.m. Fridays.

of December. Working with Mrs. Jenkins on this committee are Mrs. Marvin Sales, Mrs. Sanborn, and Mrs. Morrison.

THE AUXILIARY also agreed to take charge of the hot dog concession at the Los Compadres Western Week rodeo to be staged at the Field Club October 19.

Highlights of the state convention of the American Legion auxiliary, department of California, held recently in Los Angeles, were related to the members by the local delegates, Mrs. Lena Basilone, Mrs. Ellsworth, and

## Joshua Monument Hearing Held in San Bernardino

In an all-day session at municipal auditorium in San Bernardino on October 1, a sub-committee on public lands from the House of Representatives heard opinions on Congressman Harry Sheppard's bill HR 2795 to reduce the area of Joshua Tree National Monument, east of Banning.

Presiding at the hearing which also took up the possible opening of additional federal forest and pasture lands as grazing lands for cattle and payment of damages to some 1,600 prospectors, who formerly operated mining claims in the area now

comprising the Inyokern Naval base, was Sub-committee Chairman Frank Barrett of Wyoming. Other committeemen attending were Rep. Antonio Fernandez, N. M.; E. H. Hendrick, West Virginia; John Sanborn, Idaho; Charles Russell, Nevada; and Norris Poulson, California. Also attending were Congressman John Phillips of this city, Congressman Harry Sheppard of Yucaipa and Congressman Clair Engle of Red Bluff.

Congressman Phillips opened the hearing by pointing out that the park area was created more than 10 years ago to preserve one of the last stands of characteristic desert area. It originally contained approximately a million acres but has since been reduced to 835,000 acres. He recommended that a thorough investigation be made on the objective of taking about one-third of the land out of the park as provided by the Sheppard bill.

## Requests for Reservation Given Hotels and Apartments by C. of C.

First list of requests for hotel and apartment reservations for this season was mailed this week by the Palm Springs Chamber of Commerce to hotels and apartment courts holding membership in the organization.

Periodically during the season these reservation request lists are submitted to the hotel and apartment court operators who, in turn, are asked to communicate directly with the person desiring the lodgings.

Hundreds of inquiries concern-

ing reservations for the season have been received by the Chamber of Commerce during August and September. These persons have been requested to send to the chamber exact information concerning their intended visit here—dates, number in the party, length of stay, preferred rates, etc.—so their requests can be submitted on the hotel and apartment bulletin. During the height of the season these bulletins often are issued twice weekly.

## Annual Dog Show Set for Nov. 2 at Racquet Club

The O'Donnell Golf Course will be the setting for the annual American Legion Dog Show on Sunday, November 2, it was announced today by Tom Kieley, chairman of the committee in charge.

It had been feared that the Field Club would have to suffice as the location for the show but through arrangements made with the Golf Course officials the show will be conducted there.

Hundreds of the finest dogs of the West will compete for trophies and prizes in the annual event for which the American Legion is beneficiary.

In olden times British men-of-war were actually the property of the King: His Majesty's Ships. Although the H. M. S. is still used to denote British warships, American men-of-war have always been, from the beginning of our Navy, "United States Ships." The letters, USS are more than a tradition; they are symbolic of the citizens' ownership, for every taxpayer is a stockholder in the investment of national defense.

Aviation had discovered that at 40,000 feet an engine can be air-cooled instead of liquid-cooled.

Gary, Indiana, prohibits riding a street car or attending a theater within four hours after eating garlic.

## Sheppard Will Run Again For Congress in 1948

To "squell rumors to the effect that I would decline to run again next year," Congressman Harry R. Sheppard of Yucaipa announced his candidacy for reelection in 1948 in Redlands last week.

Congressman Sheppard, who

PALM SPRINGS, CALIF.  
Friday, October 3, 1947

The Desert Sun—5

formerly served Riverside, San Bernardino and Orange counties, is now in his sixth term as representative from the twenty-first congressional district.

The representative said Democratic leaders in Washington had persuaded him to again enter the field, because of the seniority he has attained.

"I will run again next year," Congressman Sheppard said, "despite my disappointment at the last election when I won by such a small majority. He defeated

the Republican nominee, Lowell E. Lathrop, last November by some 3,800 votes.

Brazil shipped 895,000 bags of coffee to the United States in January.

## No Such Thing

Vets' Chief Warns  
Against Solicitors

Cheap Jeeps for veterans? There is no way of getting them any cheaper than the war assets administration will sell them for, said John Connell, commander of Owen B. Coffman post, American Legion today.

Connell said he had conferred had been promised cheap jeeps cials after hearing that veterans had been promised cheap jeeps if, for a small amount of money, they put their names "on the list."

"WAA officials informed me that there is no way to get surplus jeeps except through regular channels", said Connell, "and they added that if any money is accepted for such false pretenses, there's a case for the criminal courts."

## On the War Path

By MARIE AITKEN

Charging to a victorious finish, the Indians of Palm Springs downed the Holtville Vikings 6 to 12 in a hard fought game at Holtville last Friday.

Holtville put up a game fight, but with the combined efforts of the "Plunging Pölack" Eddie Weiss, and the passing arms of Dick Henson and Bobbie Sandefer, they were at a loss from the start.

In the first half, Palm Springs tribe of red men were inside the five yard mark twice. The red men's attack was led by Eddie Weiss and Morris Soto. Both started off a running game, only to be stopped when the Vikings, realizing that their backs were against the wall, put a last ditch stand to stave off the attack. Their defenses held until the closing minutes of the second quarter, when the Indians reached the two yard line for the second time in the first half. Holtville, seizing control, fought to the Indian 45 yard line. In a swift counter attack Palm Springs went into a 46-yard drive to be stopped by Mandrell, Edwards, and Tankersley, the fighting backfield of the Viking team. When the gun went off at the half the Vikings were giving Palm Springs an aerial attack that brought the ball to rest on the 22 yard line.

**THE HALF KICK** was received by Pierce of Palm Springs, who went on a spectacular run from the 20 yard line where he received to the 7 yard line, where he was overtaken by two men of the Viking eleven. The fullback, Eddie Weiss, took the pigskin through the center for the last seven for the first touchdown of the game. The conversion, attempted by Chuck Stone, was blocked.

Chuck Stone kicked off to the Viking's right end Heywood, who fumbled the ball on the 30 yard line. Charles Black, left end for Palm Springs, recovered on the 33 yard line. Holtville, intercepting Eddie Weiss's pass intended for Henson, regained control for only seconds. On the first play another fumble and the quarter ends leaving Palm Springs on the Viking 30 yard line. The fourth quarter found Palm Springs on the 30 yard line and fourth down. Raphael was forced to kick, but Tankersley blocked the kick and the Vikings took over on the Redmen's 22. Just seconds later, Weiss

intercepted a pass on the 24. Palm Springs was again forced to kick. The ball resting, but only momentarily, on the 35 yard line, Mandrell carried it to the 28. Then Tankersley handed the ball off to Mandrell who went around end for 19 yards and a touchdown. The conversion was not good. At this point the game was tied up at 6 all. Pierre received for Palm Springs on the 19 and went to the 38 for return. Weiss around end for 9 and fumbled, only to recover. On the next play, Weiss, trying to make up for his fumble, went around end for 47 yards and the final touchdown of the game. This conversion was also blocked.

**CHUCK STONE**, who was suffering from injuries in practice, then kicked off to Edwards on the 20. Edwards handled the Another drive got under way, ball for a nice 19-yard return. The Mandrell-Edwards passing team started to click. This aerial attack was brought to a swift end by Border, center for Palm Springs, who intercepted another Holtville pass. The game came to a happy end for the Palm Springs Indians and left a thought in all the Vikings' minds of what to do to beat that Palm Springs team next year.

Nice to Have—  
Just to Look At

The Athletic Department this year received a piece of equipment which it hopes we will never have to use.

Through the courtesy of the Coca-Cola Co. we received on September 23 a stretcher which is to be used in case of emergency.

The stretcher will be stored in Coach Ballagh's office in the boys' gymnasium where it will be kept for an indefinite period. As the Coca-Cola company is always telling us, it's a great thing to have "the pause that refreshes". (But not on a stretcher!)

## Palm Springs High School Smoke Signal

New Set-Up for  
Activity Periods  
is Now in Effect

New faces, new teachers, new freshmen, this same old routine usually greets us at the beginning of each school year. But now something new has been added, that is, a new activity period.

It seems that last spring the student body did quite a bit of roving during the activity period. This made the faculty's blood boil to the point where they decided to drop our activity period. What a rain of protests this brought from the students! But after careful thought on the part of the faculty, they came up with a "brainstorm." Why not have each person sign up for one activity for each six weeks' period? The faculty seemed to like the idea so this year they put it into action.

**THE NEW SCHEDULE** limits one office to any student. Usually when a student holds more than one office he isn't able to spend as much time on his school work. The new program makes it practically impossible to be engaged in more than one activity. The only thing that hasn't changed since last year is the student body assemblies on Thursdays and the class meetings the first Monday of each month.

Also since last year a few new activities have been added, one of them being the Rifle Club, with Mr. Thompson as instructor. The club plans to have a shooting range and also plans to enter the first gun meet in San Bernardino. Another welcome club is the Model Airplane Club with Mr. Collins instructing. Other clubs organized this year are the Gift Club, Astronomy Club, Football Theory and the Library Club. Popular clubs held over from last year are the Tennis Club, Latin Club, Typing Club, Swing Band, Drum Major-ettes, Year Book, Pep Club, Choral Club and the Student Council.

**A NEW CLUB** Mr. Thompson wants to start for the non-football players is the Cross Country Club. While browsing the campus I noticed a few of the boys were anxious to start a Gym Club which would include such individual sports as boxing, wrestling and gymnastics.

Aside from the very few difficulties the new program raises, it is working out very well and the faculty hopes to make it a regular part of our school schedule.

Chlorine, one of the elements of salt, can be made so radioactive by pressure to neutrons in an atomic pile that one form of it will continue to give off radiations for more than a million years.

The human voice is limited to a range of about three and one-half octaves, but the average individual can cover less than one-half of the range.

Committees for  
Youth Center  
Now on the Job

at the Youth Center, Milton M. Ferris, the new director, decided to have committees for building and grounds, crafts and hobbies, membership, dancing, and other activities. These committees are to meet once a week or twice a month.

The building and grounds committee is to care for the building and grounds by keeping it clean and deciding on new Youth Center properties. The crafts and hobbies committee have interesting things in mind—wallets, belts, notebooks, shoes and so on. They will have interesting hobbies and occasional contests. The membership committee is to arrange membership cards with name, date, age, grade or occupation, phone and so forth. The owner of one of these cards may bring in one guest a night. The price of a membership card will be approximately 50 cents. There will be a dancing committee to teach new dancing steps and to teach beginners how to dance.

The Youth Center is looking for suggestions for a new name, so if you have a good idea write or contact Mr. Ferris, stating your suggestion. The winner will go to the annual convention of the "Youth Centers of California", in the fall, spring or summer, whichever he or she wishes. Last year it was held in San Diego, there has been no definite place set for this year as yet.

Home Making  
Course Takes  
in New Fields

Among the many useful things that Miss Cockriel has planned for the girls home management and economic classes, will be such things as planning the use of the family income to meet requirements for food, rent, clothing, health, recreation, to mention but a few of the talents of the good home maker.

The above will be mostly for the home management class, which requires the planning and wise expenditure of time, to the advantage of personal care, and leisure time.

While in the home economics class the girls will be planning simple additions, not only to their present wardrobes but to their year round ones, they will consider what clothing they need, along with what they already have, as these facts will help them decide what additions would be best to make in each case. After this comes learning to buy ready made clothing, and accessories, how to judge quality and styles. We will also learn how to care for and store our clothing, all of these things will come in handy for every day use.

All and all it looks as if we are going to have very interesting times in home management and economics classes.

Five New Teachers  
Added to Staff at  
Palm Springs High

With enrolling, getting acquainted with old teachers and students all over again as well as the new ones, the first week at Palm Springs high school was a strenuous one.

There were 221 students enrolled the first week this year, which is a gain of 26 over the same period last year. Of these students now enrolled 55 are seniors, 72 are juniors, 91 are sophomores, and 73 are freshmen. The second week there were 303.

**THE NUMBER** of teachers was also enlarged by two, now making eighteen. Although there are five new teachers, three of them are replacements.

All of these new teachers were introduced in an assembly held the first day of school. They are Miss Betty Cockriel, Mr. Andrew, Mr. Lester, Clare Ballagh, Denis H. Biverson, and John Schwendiman.

Miss Cockriel is teaching office, home management, and home economics. Arts, stagecraft, and crafts are being taught by Mr. Lester.

**PHYSICAL EDUCATION** for boys is being conducted by Mr. Ballagh. Mr. Biverson has the photo class, and also French and algebra. Besides several classes of English, Mr. Schwendiman has a class in radio and one in speech arts.

Those teachers who have returned for this year are Mrs. Roxi Bohrer, Mrs. Mary C. Henderson, Mrs. Kathryn Martin, Miss Hortense Redd, C. T. Collins, Henry E. Greeley, Alexander Hammond, Gustave Patzner, Ralph Remy, Dr. Kate Simpson, Paul Summers, Scott Thompson, John W. Weeks.

## Fads and Fashions

Long skirts are not in style at PSHS at the moment.

Keeping up or down with the blouses, shirts tied in the traditional knot in the front for the girls, and jeans and tee shirts for the boys.

As for hair styles, the boys don't have to worry but on the girl's topknots you're apt to see anything from feather cuts, horse-tails, upsweeps and braids, to buns.

The evening brings a cooler atmosphere so the girls wear peasant outfits and wide belts for their dates and the fellas look sharp in white cords—no boy should be without a pair (of cords and girls).

The shoe stores are being swamped by dozens of girls flocking in with a demand for Baby-toe shoes, which are the latest thing in shoe fashions.

The opening of school brought out the cheaters, forgotten during the summer. If you see wildly shaped glasses outlined in a riot of color, don't scream, it's the latest fad.

As for jewelry, the "steady" gals specialize in necklaces consisting of their fella's ring on a chain, whereas the single gals go in for a charm on a chain.

Once school gets in full swing, oodles of fads will be cramming the campus, and as cooler weather creeps up on us fashions will change.

Until next time—  
—Brownie Brown

An early kind of match, used in the United States in the early 1800's, retailed at four cents a light. It consisted of a bottle containing sulphuric acid combined with splints tipped with potassium chlorate, sugar and gum arabic.

An automatic pancake flipper has been marketed. It turns the cake over by pressing a trigger on the handle.

Juniors Discuss  
Plans for Busy  
School Season

After school Friday, Sept. 19, Ralph B. Remy, the Junior class adviser, discussed with juniors the coming football game and junior class dance to be held on the eve of Friday, October 10.

New floodlights have been put up for the night game. Hot dogs, cokes and orange soda will be on sale. From the game the kids are expected to take their girls to the junior dance in the gayly decorated auditorium. There will be refreshments there also.

Mr. Remy asked for volunteers to make hot dogs, carry cokes, supervise selling, and "cleaner-uppers." Also discussed at the meeting was the purchasing of a well known, nation wide newspaper called "The Echo." "The Echo," is a newspaper which combines the best parts from all the high school newspapers all over the United States. It has news, human interest stories, and cartoons.

Last year the school purchased several copies and sold them to the students. "The Echo" was the rage of the campus last year, so be on the watch for it. It won't be here for about two weeks but get yours when they come.

## May We Introduce

It gives us great pleasure to introduce John F. Schwendiman, a new member of the faculty of the Palm Springs high school.

Mr. Schwendiman was born in Gering, Nebraska, where he lived until he was about three years of age. He then moved to Laramie, Wyoming, where he received his elementary and high school education. He was graduated from the University of Wyoming while in Laramie.

He then moved to Boulder, Colorado, where he did post graduate work at the University of Colorado.

During the war he went to White Horse, Alaska, where he worked on the Alcan highway project. While he was there in the winter the temperature dropped to 72° below zero. This sounds appealing.

He decided he had had enough cold weather, so he moved to Carlsbad, New Mexico. He taught school in Carlsbad and Lordsburg, New Mexico, and from there he moved to Brawley, California. He taught in Brawley for two years.

Mr. Schwendiman's favorite hobbies are hunting, fishing and painting. The beautiful scenery around Palm Springs should inspire him to paint a masterpiece. With the nearby hunting and fishing grounds so accessible, Mr. Schwendiman should have no food problems this winter. He likes any music with a melody, preferring light operas. We hope Mr. Schwendiman will be very happy in Palm Springs and it is a pleasure to welcome him to our fair city.

## EDITORIAL

by Tony Jupe

Honesty is one of man's best institutions. But regrettably we must admit that all men are not honest. Some people are under the false impression that when they desire a certain article all they have to do is take it. It never seems to enter their mind that in order to obtain what they desire they must work and pay for the article.

In school here, a majority of the student body is honest. But as in life, here in school exist certain unscrupulous individuals who believe that what they want they may take.

When a student in high school sneaks into a library and deliberately steals a book he automatically becomes a thief. If he or she gets away with it, he thinks "Say, this is a good deal." Then from there he usually goes from bad to worse.

He then decides he wants some money to take out his girl friend.

## Gazoozit

By Brownie Browne

Lolo is now a big wheel in the professional world, so here I am—you lucky people—

One of the main events this week is the sale of Jonesy's old car and the purchase of a new one. This deed met with the violent disapproval of all the girls who had a passion for riding in the old one and Dawn and Joy are shaking their heads sadly over the whole matter.

Pardon me, but I think the new one is pretty classy.

**BY THE WAY**, who is it that hasn't been bringing his Dodge to school lately? "Better luck next time, Son". Edi Cowin is now seen with an anchor around her neck—the lucky boy is Bill Jordan.

Who's always willing to help at the Youth Center and buy the drinks? Good ole' Tony! Millie and Junnie are still gazing at each other with love-filled eyes—that's for keeps. Marilou Troy and Don Whitehead are still going steady, when he's in town, that is—otherwise it's Dick Doro, who is literally green with love-sickness.

As for the Freshman class—Betty Sandoval and he friends still go around saying "how odd" about everything.

**I NOTICE** the new Freshmen glancing coyly at one another—give 'em another year.

Friday night, our team won—could it have had anything to do with the moral support of Mable, Marlene, Nancy, Dixie, Sandy, Elaine, and others who were all out there rooting for them? Keep up the good work, boys (and girls.)

Bob Fern just turned 21 and he took Candi to dinner Saturday night to celebrate. Marlene and The Great One accompanied them. Later we saw them at The Great One's place for his usual Saturday night party. Mary Lou and Don, Shirley and Giller, and McKinney and Joyce were also present. Virginia seems to have new interests since Chuck St. George hit town. Phil Sanders is the latest addition to PSHS. "We're all glad to see you're back, Phil". Mary Frost and Corky Hammond ended their beautiful friendship Friday night. All good things must come to an end.

**WHAT GOES ON** between Earl O'Connell and Kenny Dink-heller? Mable and Eddie are still "astride the sphere".

Dora Taylor has a fiendish gleam in her eye—it seems the Navy has taken over where Fern left off. But what was coming off with her and Henson at the Youth Center dance Saturday night? Watch for further development.

Just when things start to settle down to a steady monotony, Marilyn Ellsworth's horse makes a getaway—never a dull moment.

The howls of agony issuing from various girls are caused by sore muscles due to strenuous hours of practicing for cheer leaders; may the best girl win.

Dixie and Atkins seem to be coming to the obvious conclusion—but the question of the week is: Where does Henson fit into that triangle?

But he decides that he doesn't want to work for it. He just takes it. From there it gets worse. It seems hard to believe this. But unfortunately it is quite often true. Many students seem to be oblivious of the fact, that stealing a book out of the library is a **CRIMINAL OFFENSE**.

What's more, it is unfair to quote an instance, some time last week the book **Dykes Automobile Encyclopedia** was stolen. It was valued at \$7.00. If the person who stole this book happens to read this article, please see that the book is returned. Our school is trying to build up a library for all of us.

Mississippi was the first state in the Union to establish a state-supported college for women. The institution was founded in 1884.

The nation looks to agriculture for the three essentials of life: food, clothing and shelter.—Agriculture Secretary Clinton P. Anderson.

# Social ACTIVITIES

## Many Social Events Planned For Hotel Group

With the addition of a gala luncheon party for the ladies at Charles Farrell's Racquet Club, program for the annual convention of the California State Hotel association here Oct. 12 through the 15th, was completed today, it was announced by William C. Robinson, managing director of the association.

In charge of the special party for the wives and friends of the hotel men is Mrs. Stanley Rosin. The Racquet club event will be staged on Tuesday, October 14.

MORE THAN 600 hotel men and their wives from several other states in addition to California will attend the convention. Headquarters will be at the Desert Inn, but more than 300 of the delegates will be housed in other hotels and apartment courts throughout the community. These establishments have set aside rooms and apartments for the convention. Mr. Robinson reported to the Chamber of Commerce today that these direct reservations will be started tomorrow, October 1.

**BILL WALSH**, genial manager of the La Quinta hotel, will be host at the opening event of the convention, a buffet supper Sunday night, Oct. 12. A western barbecue, followed by a night-ball game between northern and southern California hotel operators, will be staged on the Desert Inn Mashie course, Oct. 13. Lee Bering's swanky Tennis club will be the scene of a brilliant dinner dance on Tuesday evening, Oct. 14, and the annual banquet is planned at the Desert Inn on Wednesday night, Oct. 15.

Business sessions will occupy most of the day hours except Wednesday which will be given over to golf and other games.

## Mrs. Whitehorn To Speak Before 3 Organizations

Mr. and Mrs. James Whitehorn are back in their home on Tamarisk after spending three months at Laguna Beach. They also found time to take a short trip to San Francisco where they visited Jessie Williamson, chairman of the Republican National Women's club.

Mrs. Whitehorn is leaving this week to attend a dinner at Riverside given by the Republican Assembly where Congressman John Phillips will speak. Then on to Los Angeles for the meeting of the National Organization for Women at the Ebell club. She is also going to Laguna where she is to appear as the guest speaker at the opening meeting of the Daughters of the American Revolution.

## Jack Perles Spend Week-End in City

Jack Perle, textile merchant, and Mrs. Perle were guests at the La Siesta over the week-end. Perle has been a great booster for Palm Springs ever since his first visit to the Village.

## JOYA and JAYNO Tell All

**TELEGRAM TO VILLAGERS**—SEASON BEGINNING STOP PROMISES TO BE BIGGEST AND BEST STOP PHONES BEING ANSWERED STOP PARTIES BEING GIVEN STOP LAWNS BEING FERTILIZED STOP PLEASE STOP.

**SEASON BEGINNING**—Down for the week is Rudy Valle for a short rest at his home on Vereda Del Sur before returning to Hollywood to make a picture, "So This Is New York," with Henry Morgan. By the way, he was lucky at the Bingo games Tuesday night at the Tennis Club. . . . Down for the season is Fred Renker anxiously awaiting the completion of the Shadow Mountain Club at Palm Desert which he is to manage, and the arrival of his wife, Sarah, and home. . . . Charley Farrells are back. . . . The Harold Behnemanns are back after cooling off for a few days in San Francisco.

**PROMISES TO BE BIGGEST AND BEST**—Chamber of Commerce mapping out big plans. . . . Village to be scene of three big conventions in October. . . . Hotels opening. . . . Note increase of number of cars at Rotary Luncheon. . . . Again we might mention lack of parking space. . . . on the brighter side, Jack Kramer may make his first professional appearance with Bobby Riggs at the Palm Springs Tennis Club. We only hope that this will materialize into more than a rumor.

**PHONES BEING ANSWERED**—Talked to Evelyn Purcell who told us that she, Frank, Frank Jr., Eleanor and Larry spent a delightful summer at Yosemite.

## Birthday Party Staged in Honor of Gene Johnson

Gene Johnson, Village realtor was the honoree at birthday party given at the home of his parents on south Palm Canyon drive Wednesday evening.

Among the fifty guests present were Mr. and Mrs. William Burnside, Richard Zalud, Miss Norma Wilmington, Gilbert Buck, Jayce Buck, Gene Morgan, Mr. and Mrs. Jules DeVorzon, Ferol Morgan, Blanche Dills, Mr. and Mrs. Pickering, Rose Poist, Ted McKinney, Joe Poist, Mr. and Mrs. Gene Hughes and Mr. and Mrs. William Johnson, parents of Gene Johnson.

The music of the Caravan Trio, composed of Bud Langley, Jimmie Kenney and Paris Dills was thoroughly enjoyed by the guests present. Jules DeVorzon, also well known in the Village as a violinist, rendered several numbers and then took part in several musical pieces with the Caravan Trio.

## Camps Back for Another Season

Mr. and Mrs. Frank W. Camp returned Wednesday, after spending the summer at Laguna Beach and visiting their old home in Oregon, and now have opened their home at 776 Mission Road, for the season.

Mountain Ranch. The Harold Hicks spent a week with them enjoying the fishing, golfing, and riding. . . . Ruth Hardy who is busy preparing for the opening of the Ingleside Inn. . . . Wilbur Davis just back from the American Legion Convention in Los Angeles to manage the Colonial House. . . . Jacques and Marjorie Crommelin back at their home at Smoke Tree.

**PARTIES BEING GIVEN**—A dove dinner was given at the Earl Cordreys the other night. While their wives waited patiently the happy hunters, Harold Hicks, Barney Hinkle, Frank Purcell, Frank Bogart, and Earl Cordrey went out to bag the doves. . . . A birthday party for David McManus, son of the Walter McManuses, at their home. A cocker spaniel, called Tyce, and a clever card painted for him by Earl Cordrey will help him to remember his twelfth birthday for a long time. . . . A cocktail party for her houseguest, Mrs. Jay Lawyer of Los Angeles, by Dorothy Dudley in her lovely patio surrounded by orange trees. . . . At the Dunes a talented group sang for their supper. Frank Sinatra sang a number of songs including a couple of parodies on Bing Crosby and a new song by Jimmy Van Huesen who accompanied him. Sonny Tufts couldn't keep out of the act this time either. His contribution was a few well sung and played songs. Their audience included the Gene Merediths, she is the former Norma Hall, the medicine heiress, Peggy Bull, Al Ziskin, and Jack Wilson.

**LAWNS BEING FERTILIZED**—Or have you noticed?

**LEGAL NOTICES**  
**DESERT SUN**  
**NOTICE INVITING BIDS FOR PURCHASE OF TRUCKS**  
NOTICE is hereby given that the City of Palm Springs will receive bids for the purchase of one or more of three (3) 1½ Ton Trucks, more particularly described as:  
1—1941 Chevrolet, 6 cylinder Truck, equipped with cab without body, bearing Engine No. DR100709 and Serial No. 6Y811-2383, registered and legal owner being the City of Palm Springs.  
2—1940 Dodge, 6 cylinder Truck, equipped with cab without body, bearing Engine No. T98-9782 and Serial No. 9275492, registered and legal owner being the City of Palm Springs.  
3—1940 Dodge, 6 Cylinder Truck, equipped with cab without body, bearing Engine No. T98-16365, and Serial No. 9275629, registered and legal owner being the City of Palm Springs.

Said three (3) Trucks are located and are available for inspection during business hours at the place of business of Lynn Equipment Company, 280 South "E" Street, San Bernardino, California.

All of said bids shall be in writing; shall be sealed and delivered to the City Clerk of the City of Palm Springs at the City Offices in said City at 363 North Palm Canyon Drive in said City, on or before the 17th day of October, 1947, at 4:30 o'clock P.M., on which date and which time the bids will be opened by the said City Clerk at said City Offices and publicly read. Each bid must be accompanied by certified check or cashier's check on a bank in Riverside County, in an amount equaling ten per cent (10%) of the amount of the bid, payable to the order of the City of Palm Springs, as a guarantee that the bidder, within ten (10) days from the acceptance of such bid and approval by the City Council of said City will pay to said City the balance of the price for said trucks. Any and all bids are subject to approval by the City of Palm Springs and the City reserves the right to reject any and all bids and to waive any irregularity in any bid.

**DATED:** Palm Springs, California, October 1, 1947.  
**CITY OF PALM SPRINGS,**  
a Municipal Corporation,  
By LOUISE McCARN,  
City Clerk.  
Publish Desert Sun October 3, 1947.

Don Van De Grift was host to a large group of out of town and Village friends including talented young actresses Joan Miles and Edna Ryan, Hazel Turner, Marjorie Pohl, Jack Leonard, newlyweds Mr. and Mrs. Harold La Von, Ben Colloido, Jules Frith, Pepi Delucia.

Mr. and Mrs. William Marvin made the Doll House celebration headquarters for their sixth wedding anniversary.

Twosomes included Mr. and Mrs. Claude Velour, Mr. and Mrs. I. Rubin, Mr. and Mrs. Earl Neel, Mr. and Mrs. Jack Gorham, Mr. and Mrs. George Archer, Mr. and Mrs. Arthur Bailey, Mr. and Mrs. Jack Hill.

Col. and Mrs. George Wirt of Los Angeles, in the Village for the week-end were with Peggy Bull, Al Ziskin, and Mr. and Mrs. Gene Meredith.

## Villagers Rally at Many Parties

A group of Indian residents joined other merry-makers at the Doll House this week when they came here for a birthday party honoring Gene Heck of that city.

In the party were Mrs. Heck, Mr. and Mrs. Earl Stafford and Mr. and Mrs. Cal Johnson. A gaily lighted birthday cake climaxed the celebration.

Among other parties gathered at the Doll House this week was one with Lois Earle and her houseguests Gene Hinton and Mr. and Mrs. Sonny Tufts. Mrs. Earle's guests were in the village for a week away from their Hollywood duties.

Don Van De Grift was host to a large group of out of town and Village friends including talented young actresses Joan Miles and Edna Ryan, Hazel Turner, Marjorie Pohl, Jack Leonard, newlyweds Mr. and Mrs. Harold La Von, Ben Colloido, Jules Frith, Pepi Delucia.

Col. and Mrs. George Wirt of Los Angeles, in the Village for the week-end were with Peggy Bull, Al Ziskin, and Mr. and Mrs. Gene Meredith.

## Steak Barbecue at Marvin Home Enjoyable Affair

There was a steak barbecue at Bill and Rima Marvin's home the other night, highly enjoyed by Villagers and out-of-town guests.

Enjoying the affair were Mr. and Mrs. Bill Gibbs of Los Angeles; Mr. and Mrs. Jack Hardy of Riverside; Mrs. Edward Raleigh of San Francisco; Mr. and Mrs. Tom Kelley, Grace McDonauld and Dorothy Eling.

During the invasion of the Marianas group, one of the Seabees went hunting for chicken eggs. Returning with 13 of them clucked tightly to his chest, he ran into a Jap-hunting Marine patrol as it began spraying the bushes with automatic fire. The seabee hit the deck—hard.

Result: 13 "shell" bursts.

## Buffet Luncheons To Be Resumed at Tennis Club

Tennis Club members will be glad to know that this Sunday the celebrated buffet luncheons will resume being served. Between 12:30 and 3:00 there is an exquisite display of beautifully prepared food. Thirty varieties of salads are among the tasty dishes that await the inspection and selection of the guests.

Another note of interest is that night tennis will be a new feature of the club. The lights are now being installed and the first games will be played next week.

## Miss Nix Weds Harley Rudolph

Miss Bennita Nix, daughter of Mr. and Mrs. Lloyd Nix, and Harley Rudolph, Jr., son of Mr. and Mrs. Harley Rudolph of Long Beach, were married Saturday evening in Beverly Hills. Serving as the bride's attendants were Mrs. Edsell Corsey, matron of honor, and Mrs. Gus Heven, bridesmaid.

The bride attended Westlake school, Holmby college, and S. C., where she was a Gamma Phi Beta. Mr. Rudolph also studied at S. C. and was affiliated with Sigma Nu. The wedding ceremony was followed by a reception at the Beverly Hills club.

Communism is not merely an economic program. It is a total philosophy of life, atheistic, utterly opposed to the Christian view, and determinedly set to destroy the church.—Rev. Dr. Rees Edgar Tulloss, president National Lutheran Council.

## LEGAL NOTICES

### NOTICE INVITING BIDS FOR PURCHASE OF TRUCKS

NOTICE is hereby given that the City of Palm Springs will receive bids for the purchase of one or more of three (3) 1½ Ton Trucks, more particularly described as:

1—1941 Chevrolet, 6 cylinder Truck, equipped with cab without body, bearing Engine No. DR100709 and Serial No. 6Y811-2383, registered and legal owner being the City of Palm Springs.

2—1940 Dodge, 6 cylinder Truck, equipped with cab without body, bearing Engine No. T98-9782 and Serial No. 9275492, registered and legal owner being the City of Palm Springs.

3—1940 Dodge, 6 Cylinder Truck, equipped with cab without body, bearing Engine No. T98-16365, and Serial No. 9275629, registered and legal owner being the City of Palm Springs.

Said three (3) Trucks are located and are available for inspection during business hours at the place of business of Lynn Equipment Company, 280 South "E" Street, San Bernardino, California.

## Meet the Music

With  
**HAL DAVIS**

HI LOVERS! Whip out the pirets, pull up a dish of ice cream and let's see what surface noise we can dig out of the bed-lam.

It has finally happened. A song has been written about good old Los Angeles. Tommy Dorsey has recorded the only one to date so far with Mae Williamson chanting the clever lyrics to "L-L-L-LA." That's the name and it is really pretty good. On the other side you find another fine number, "The Old Chaperone." It popped in to the KCMJ music library just the other day and hasn't received too much play yet but it looks like it will. Now all we need is a ditty about our fair Village.

**TWO GREAT** music makers are back on the road again. Stan Kenton opened at Balboa the other night and from what Rollie Vaile told, he was there, the orchestra is in fine shape. June Christy is back and what a lush thrush that is. Comes the revolution, that's for me. Also Wee Woody Herman is back on the cleft trail after a very long rest during which rest he turned vocalist, disc jockey and what you got? Woody feels that it is band time again and there is soon to be money in the lowly business yet. Else why does Wild Woody return? Me, I'm looking forward to some good records from this pair.

Another young crooner, or do they call them crooners anymore, that should get a big mention is Gordon MacRae, the latest in swoonations. George Frazier, who reviews cookies for Variety, says that MacRae is the most impressive to have come along since Sinatra. Gordon has inked a raver for Capitol, "Body and Soul" and "A Fellow Needs A Girl." I like them both. MacRae has or had, things moving too fast for me around the local wireless, a network show over CBS and is also being tested at Warners. He is very good looking and should make a hit in the musicals. Anyhow give him a try and form your own opinion.

**MAYBE** right here I should slip in the weekly hit parade survey of songs. Will list adroitly.

1. Feuding & Fighting.
2. I Wish I Didn't Love You So.
3. I Wonder Who's Kissing Her Now.
4. Peg O' My Heart.
5. That's My Desire.
6. Ask Anyone Who Knows.
7. An Apple Blossom Wedding.
8. Near You.
9. Almost Like Being in Love.
10. Lady From 29 Palms.

Do you agree? If not, write your Congressman.

**SPOKE** of "Body and Soul" awhile in the distance back. Would like to say that one of the finest instrumentals to date of it is Tex Benekes. Very fine. Nice hugging set to music. I am an instrumental fan myself as you will probably notice on my. (if you pardon the expression) platter shows. I get so unhappy when I am listening to a terrific instrumental and then from out of nowhere and for no apparent reason comes a strictly uncalled for vocal. I think that many a good cutting has been ruined by a poor vocal. Would like to see more records strictly for dancing. What can you do? I hate music anyhow. Rather eat. Speaking of eating, how about a hot fudge sandwich? Guess I will quit snooping around the record room and try the icebox. Got to find some worms with fish appeal. So guess I will go tie some apples on my grapefruit tree. If all this seems to be a thoughtful well considered assault on nothing, you are right, for the hours are heavy and yon bedstead is hailing me with wide open arms. So will read a chapter of the latest best smeller and go to sleepy bye. But what do you care and who cares if it doesn't. As a writer I would make a great meter reader. More musical depreciation next week. Join the little below the knee club. Psychopathically yours.

## Weber's BREAD-TIME STORIES

### KITCHEN TRICK

**DON'T THROW AWAY** that leftover breakfast coffee! In making prepared butterscotch, chocolate or tapioca desserts, you can substitute up to half leftover coffee for milk. More flavor, no cost.

### HOUSEHOLD HINT

**HERE'S** a beauty trick from the egg to you... for a quick facial, beat the white of an egg until stiff. Pat egg white on your face and neck, let it dry, then rinse it off with warm water.

### RECIPE

#### COOKY CONES

2 well beaten eggs 6 Tbsp. sugar  
½ tsp. grated lemon rind  
1 tsp. vanilla 6 Tbsp. flour  
½ tsp. salt ¼ cup chopped nuts  
Beat eggs until light. Add sugar gradually, blend well; add vanilla and lemon rind. Sift flour and salt together, add to egg mixture, mix well. Drop by teaspoonfuls on greased baking sheet, flatten with back of spoon. Sprinkle with finely chopped nuts. Bake in slow oven 300°, 10 to 12 mins. While still hot shape cookies into cones. Let cool before storing. Fill with ice cream or custard—a nice children's dessert.

### DON'T WAIT FOR EXPERIENCE

**YOU CAN LEARN** many good cooking, household and washday ways much quicker from Weber's "GOOD IDEAS" booklet—60 pages of 'em. Send for your FREE copy—Weber Baking Co., Dept. 267, Box 1730, Wilshire-La Brea Station, Los Angeles 36.

### Meal Planning and Preparation Recipes and Hints in Cookery

**Spaghetti-Wise**  
Here's a meat that's ready-made for serving with spaghetti. It's salami, and it's already flavored with garlic, so you won't have to add that traditional spaghetti seasoning. The meat is filling and good—so in reality, you're adding two ingredients at once.

**This Little Piggy**  
"Pigs-in-blankets" go on outdoor cooking expeditions. Cook favorite frankfurters, and wrap in coating of biscuit dough. Place on pointed stick or picnic fork, and cook slowly over low fire or embers, until biscuit dough is golden brown. Serve with catsup or mustard.

#### For Sale

By Owner  
— Home —  
New 2 bedroom, 1 bath hollow tile construction. Completely furnished. Lot 65x145. 2 car garage. Bus service. Walled-in yard. Furnace heat.

1807 So.  
Palm Canyon Drive

**Lamb Garnish**  
Mint jelly is the traditional lamb accompaniment. For a variation of this theme serve minted apple sauce in orange rind cups. Tint canned or home-made applesauce lightly with green flavoring and flavor with peppermint flavoring. Serve in half oranges from which pulp has been removed. The applesauce may also be frozen to the slightly mushy stage.

**The Decorator's Touch**  
Cakes and cookies for holidays and children's parties are frequently decorated with gay trims of colored icing. Not all kitchens hold fancy pastry tubes, but here's one that does just as well. Roll a sheet of heavy paper into a cone shape. Fill the cone with icing, squeeze gently through smallest end and use to pipe decorations.

**Tasty Sauce**  
The tart flavor of green stuffed olives is an effective accompaniment for veal. Make a thin white sauce, and add slices of stuffed olives. The result is intriguing as well as colorful. This sauce may be served with veal chops, veal pot-roast and veal steaks.

**Minted Meringue**  
Mint-Meringue Pears make a festive, fluffy garnish to serve with lamb for a "company meal". Beat 2 egg whites until stiff. Add ½ cup mint jelly and continue beating until well-mixed. Put some of the mint-meringue mixture on each pear half, and place in the oven or

TOGETHER AGAIN—Bing Crosby and Barry Fitzgerald are together again in "Welcome Stranger" which opens the Plaza theatre for the season tomorrow. It is a heart-gripping film plus several new hit tunes including "As Long as I'm Dreaming" and "My Heart Is a Hobo."

broiler just long enough for the meringue to become lightly browned. Serve one hot pear half with each serving of lamb.

**Leave Fell On**  
The paper-like covering known as the "fell" should not be removed from the leg of lamb before roasting. This covering keeps the meat juicier, helps it to hold its shape, and allows it to roast in less time.

**Tasty Spread**  
Sandwiches are a favorite for lunch-box meals. They're tasty and filling, and everyone loves them, too. A hearty veal filling adds interest to the list of favorite sandwich spreads: Chop together cooked veal, raw carrot and a sprig of parsley. Season and moisten with mayonnaise and lemon juice.

#### From Page One—MORE ABOUT Season's Plans ...

other business men of the community.  
HEADLINING the proposed activities of the Chamber of Commerce this year is an effective, broad community advertising program and expansion of the conventions program under which it is planned to bring several additional groups here early and late in the season. Additional facilities being obtained through construction of the American Legion hall and acquisition of buildings in the rear of the El Mirador hotel enables the Chamber of Commerce to invite more and larger conventions.

Veterans filing applications for hospital or domiciliary care continue total around 70,000 monthly, the veterans administration reports.

**Home Doomed ...**  
upright in each corner, forming an enclosure of approximately eight feet by five.

Asked if he had always lived in the open, Fitzgerald replied that on coming to Palm Springs with two lungs badly seared by chlorine and mustard gas as a result of an accident while testing gas masks during World War I, he has lived and slept in the open air of the desert.

"I ATTRIBUTE my healthy condition to my outdoor living," declared Fitzgerald, "and to the careful purchase of the right kind of food."

He refused to tell his age but carefully computations considering his own statement that he worked for the U. S. Quartermaster Corps during World War I, Fitzgerald is approximately 60 years or older.

**HE REMEMBERED** when when Palm Springs was sought out by persons who wanted to get away from the material jangle of a commercialized civilization.

"The people who first came here wanted to get away from telephones, street cars, and all material vibrations," declared Fitzgerald. "But man travels in circles. The very thing he wanted to get away from, he created right here."

"Look," he commanded, "at the growth of what was once a blissful little Village. Why, it's phenomenal."

Ancient Peruvian Indians believed that whenever a trepanning operation was performed a new variety of potato would be found in the area. More trepanned skulls and more different varieties of potatoes have been found in Peru than in any other place in the world.

The despotism of custom is on the wane. We are not content to know that things are; we ask whether they ought to be.—John Stuart Mill.

## Second Section The Desert Sun

PALM SPRINGS, CALIF.  
Friday, October 3, 1947

During 1940-1941, Chungking was continuously bombed by the Japanese and many Chinese children were orphaned.

The enlisted men attached to the USS Tutuila (which was moored in Chungking) adopted eleven of these orphaned children and contributed money to feed, clothe and educate them. Whenever a sailor was detached, it was understood that the man who relieved him should take over the custody of the youngsters.

The eleven children were known as May Gwaw Bing Tchwans (members of the American Gunboat).

The opportunities offered to the individual to secure the comforts of life are better here than are found elsewhere.—Benjamin Harrison.

## S. P. Main Line Diesel Orders Raised to 28

Southern Pacific has placed orders for three more Diesel electric passenger locomotives, making a total of 28 powerful new main line freight and passenger Diesels purchased by the company, it was announced today by A. T. Mercier, president of the railroad.

The company already has received seven 6000 horsepower Diesel-electric locomotives and the remaining 21 now are expected to be in service before next summer, Mr. Mercier said. The new locomotives are part of the railroad's \$89,000,000 postwar program for new rolling stock.

U. S. Navy submarines sank almost two-thirds of Japan's merchant ships and one-third of her warships in World War II.

Theodore Roosevelt was the first United States President to go below the surface of the sea in a U. S. Navy submarine.

BARBECUE—Wal Spalding (right), president of Los Compadres club, dishes out the good food at the annual President's Party at his home Saturday night. There were almost 100 present for the barbecue at which Henry H. Menard (left) did the roasting. Great fun and greater food was the order of the evening. (Desert Sun photo.)

## Instructions Given to Next of Kin of War Dead for Returning Them to U. S.

By DR. D. C. WILLIAMS,  
Chaplain Post 129

To all parents and next of kin of departed overseas Army, Navy, Marine and Coast Guard, attention, please. The War Department through the Quartermaster Corps, directs all matters relative to those who were in the service of the United States:

Do not seek advice from unauthorized persons, this is inadvisable, as much confusion can be had that way.

The government wishes to carry out all feasible wishes of the next of kin, regardless of rank, race, creed or color.

The government offers four options:

1. Remains may be returned to the United States or any possession or territory thereof for interment by next of kin in a private cemetery.

2. Remains may be returned to a foreign country, the homeland of the deceased or the next of kin, for interment by next of kin in a private cemetery.

3. Remains may be interred in a permanent United States military cemetery overseas.

4. Remains may be returned to the United States for interment in a national cemetery.

In all of the above four options all costs of exhumations, preparation, casketing and forwarding to place designated by the next of kin, or his duly authorized representative, will be borne by the government of the United States.

If the next of kin of the deceased wishes same to be brought back to the United States for interment in a private cemetery, the government will contribute a sum not to exceed \$50. In addition to services rendered in preparing the body for return. This money is to defray actual expenses.

When burial in private cemetery the government will upon request provide suitable headstone as approved by the government or grave marker.

If you wish more detailed account be free to call on the chaplain, phone 3853, and your wishes will be granted.

## Warren Proclaims Oct. 1 to 8 as Newspaper Week

Governor Warren has proclaimed the week of Oct. 1 to Oct. 8 as "Newspaper Week" in California.

"The press of America has throughout our history truthfully disseminated the facts which the people in a democracy must have if they are to make sound decisions. For over a century and a half, our newspapers have consistently fought oppression, injustice and corruption in every form," Warren said.

"If all parts of the world were served by a free press such as our own, this, more than any other one thing, would dispel bitter emotions and inspire peaceful desires in all hearts."

## SUBSTITUTE RAILWAY POSTAL CLERK EXAM.

An examination has been announced by the Civil Service Commission to fill Substitute Railway Postal Clerk positions in all states except New York and in Alaska and Puerto Rico. Competition in this examination is restricted to persons entitled to veteran preference. However, under Executive Order 9889, non-veterans serving continuously since August 28, 1947, in the position of Substitute Railway Postal Clerk under appointment not limited to one year or less may apply for the examination in order to be considered for a competitive civil service status. Further information and application forms may be obtained from the Commission's local secretary, Dale Pratt at the local post office.

## FIRST COME, FIRST SERVED

The atom bomb, microwber notation, International sleeping potion, Has in its deadly machinations, Ability to wipe out nations, BUT, We'll bet the bomb has more survivors Than left by careless Sunday drivers.

The first law school in America was established in Litchfield, Conn., in 1782 by Tapping Reeve but closed after similar schools were opened by Harvard, Yale, Virginia and Columbia.

## Citations Instead of Notices Issued in Prescribed Area

Season Is Officially Under Way in Police Traffic Dep't Today

Village motorists were heeding the warning of the Palm Springs Police Department that violators of the one-hour parking limit in posted areas would be cited into court.

Bright and early October 1, Traffic Officer Charley Valentino was on the job, marking automobiles on Palm Canyon drive from Amado road to Arenas road and he reported that by noon he had not found one violator.

"People seem to be cooperating 100 per cent" declared Valentino. He had no sooner made that statement when he observed an automobile double parked in front of the Palm Springs Drug and Import and the driver and a passenger enter that establishment.

There goes my record for the day," sighed the officer and when the driver emerged from the store, Valentino handed the traffic violator a citation.

THE RESTRICTED AREA in which only one-hour parking is permitted has been extended this year to include more streets. The new area now includes Palm Canyon drive from Alejo to Arenas roads and include such side streets as Arenas, Amado, Andreas and Tahquitz.

However, the one-hour parking law will not be enforced on Alejo and Tahquitz because those streets have not yet been posted by the City Engineering department, according to Chief of Police August Kettmann.

The law is in effect every day with the exception of Sundays and holidays and from 9 a.m. to 6 p.m.

Registered Holstein cows on the Davis campus of the University of California produce more than twice as much butterfat yearly as average dairy cows.

## Something New Has Been Added

Palm Springs Girl Scouts Plan Three Mounted Troops During Coming Season

A new phase of Girl Scout activities is being introduced this month—the Mounted Troops.

There will be three different groups of riders.

The first group will consist of inexperienced riders who will meet for an hour every Monday afternoon starting on October 13 under the instruction of Mrs. Ingram.

The second group will be for intermediate riders. These girls will meet for two hours on the

second and fourth Mondays of each month with Mrs. Herschel Mosely and Mrs. Jane Neal starting also on the 13th of October.

The third group will be composed of advanced riders and will meet on the first and third Tuesdays of each month, also with Mrs. Mosely and Mrs. Neal. Starting October 2, all three classes will be held at the Rancho stables at 3:30, and will be open to all girls who are members of regular Scout troops.

## Boys' Club Receipts for Three Softball Awards at Ceremonies

With Mayor Clarence A. Hyde doing the presenting and Don Allen doing the receiving, trophies for softball prowess were awarded the Boys' Club Tuesday night at the Field Club before 700 Village fans.

The prizes were for victories in three softball events, a one-round league, a two-rounder and the city play-offs.

THE BOYS' CLUB won all three and took the three cups, two of them awarded by the Recreation commission and the third, for the city series victory, by the mayor.

After the appropriate speeches had been made by the mayor and Allen, manager of the club, the champion Boys' Club met the Mexican Colony for two innings, the Gay 20s for two and a combination of both for two more in a six-inning game which the Boys won 6 to 2. The Colony teams got one of the two markers and the combination outfit the other.

THE CEREMONIES ended softball officially here but Frank Partridge, recreational director who was in charge of the summer's play and Tuesday night's event, said that there would probably be a few more free-lance games before the season.

Rose of Beverly Re-Opens October 8

Rose of Beverly announced today that her beauty salon on North Palm Canyon drive would re-open for the season on October 6.

She will be assisted by Agnes Beck, formerly with MGM studios and Ida Flatte, formerly of Annette's.

Meet me at the Desert Camera Shop and we'll "run off" those Vacation Movies! We can "edit" the film there, too!

## Scout Committee to Name Officials for Year Oct. 22

Officers for the season for the Palm Springs district Boy Scouts organization will be chosen at a meeting of the committee to be held Oct. 22, it was announced today. Plans for the session were laid at a preliminary meeting last week at the Chamber of Commerce. Harry C. Harper presided at the gathering in the absence of Harold Lienau, district committee chairman.

A nominating committee was named and it will have its report ready for the Oct. 22 meeting.

SEVERAL MEMBERS of the committee were present at last week's preliminary meeting at which Bill Kenney, county Scout council field executive spoke on the activities and plans of the county council and plans for an

PALM SPRINGS, CALIF.  
Friday, October 3, 1947

The Desert Sun—11

active season for local Scouts discussed.

Increase in Boy Scout activity here this season was the principal topic and plans were set in motion to obtain additional leaders and form two or more troops here. In the past years one troop, Troop 39, has accommodated the boys who wished to become Scouts.

SCOTT THOMPSON, scoutmaster, pointed out that in the past seasons, boys from the entire desert area around Palm Springs were members of the local troop but that this year, separate troops had been organized in Cathedral City and Desert Hot Springs. But, he said, there were enough boys of eligible age, 12 years and over, to form two or more active troops here. Leaders for these boys were first on the list, he said.

Cub Scout activity, for boys under 12, was also discussed at last week's meeting. A preliminary round-up of Scouts is planned at the Scout house on Sunny Dunes road to-

morrow night at 7 o'clock. All boys, 12 years and over, are urged to attend.

## Business Women To Open Season on Wednesday

First breakfast meeting of the Palm Springs Business Woman's Club for the present season will be held next Wednesday morning at the Desert Inn Coffee Shop, Mrs. Emmajan Hume, president, said today.

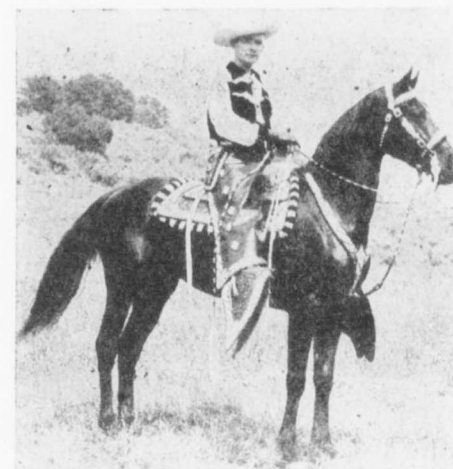

All members are urged to be present at the session which will start at 8 a.m. Reservations should be made by calling 9084 by Tuesday, she said.

You cannot standardize human beings. What we really need is a labor-management approach of collective common sense.—William C. Doherty, A.F.L. vice-president.

### Rotarians Will Meet on Oct. 22 at Racquet Club

Charlie and Virginia Farrell's famous Racquet Club again this year will be the setting for the inaugural meeting of the Palm Springs Rotary club, according to plans announced today by W. E. Alworth, service club president.

The luncheon meeting will be held on October 22 with Congressman John Phillips of Banning as the principal speaker.

First meeting of the club at the Desert Inn will be held on Wednesday, October 29.

Luncheon sessions of the club will be held at the Doll House on Wednesdays, Oct. 8 and 15.

Normal sheep during summer months have a body temperature averaging 104 degrees, says Successful Farming Magazine. To the inexperienced grower, this is often mistaken for fever.

You can travel east indefinitely, but you can go north only until you reach the pole.

### "I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

A Congressman's mail is as varied as it is plentiful. It would probably surprise the average voter, who has thought little about it, to see how many subjects pass through every Congressional office. This is where experience and a well organized and trained secretarial force helps. To the man or the woman, bringing a problem to his or her Representative in the Congress, it is the most important problem in the world, and usually the most urgent.

To the Congressman it is important, but one of perhaps a hundred items, all important. In addition the Representative has district and community and State and National problems. Above all, he has the job for which the voters presumably sent him to Washington, to study proposed laws, to help pass the good ones and to help prevent the passage of the premature, or the ill-considered, or the downright bad ones. That alone is a full time job, and with the emergencies, domestic and international, facing America, and the changes due to the change in party majority, and the more fundamental changes coming from the Reorganization Act, it has made the 80th session particularly trying.

I am reminded of this by one of the many letters in the Banning office. The writer, who took exception to my little joke, in an earlier column, about staying at the "Teddy" Roosevelt Motor Court, suggested that I had no right to complain about the burden of work, as I had, in effect, asked for it by running for office. I had no thought that I was complaining; I was simply calling attention to a condition which, if it continues, will affect representative government as we know it, and intend it to be.

Strangely, I have not always agreed with the suggested cures. It would be wonderful, from the candidate's standpoint, to have a four or six year term, instead of two years, but it would take away the safeguard, under the Republic, of having the Congressman closely and constantly in touch with the people. I disagree with people who say we should decline to do the little things we do for the folks at home. I have had a very prominent man in California, who doesn't live in the 22nd District, tell me that I should refuse these smaller requests and give my time to the solution of one serious problem, affecting the district. I have agreed with its importance and eventually helped solve it, but I wondered, as he spoke, what I would say to the veterans with retirement and compensation problems, to the parents whose sons were in trouble abroad, to the farmers with their problems, to the people at Surfside, or to the many people (practically all, I'd say!) who have tried to deal with the War Assets Administration. These are only a few I think of as I write this weekly letter. A week in any Congressman's office would be illuminating. I said in Orange county, a few nights ago that I subscribed to the idea that a Congressman had many troubles, most of which would not exist if there were no Congressmen, and therefore I accepted these problems as part of the job to be handled personally or through the office.

At the moment, one problem is to keep up with all the Congressional committees touring California. They are working committees. Some people do not realize that no chairman of any Congressional committee had served as chairman before, any more than they realize that the change in Congress, but not in the ex-

ecutive branch, left in Washington all the bureaus and agencies, with their generally antagonistic administrators.

So the committees are on the road, in California, in other states, in Europe, the Islands and the Orient, trying to see how the most serious problems can best be solved.

A week ago I met with the subcommittee studying farm labor. On the 17th I had lunch and dinner in Hemet, with a meeting of Republican women in between, and a short time to write the weekly letter which preceded this one. My son drove me to Los Angeles to catch a 2 a. m. plane to San Francisco, to meet the Congressional committee studying small business. The committee did not seem at first to understand our farm marketing cooperatives. That same committee met in Los Angeles this week, and I am there now, at the meeting. The Committee on Public Lands meets in San Bernardino on October 1st.

The Committee on Agriculture starts hearings in Fresno on November 17th, and will drive down through the State to see our farm and water problems. The subcommittee on Reclamation is due in October and so is the Gwin subcommittee on labor.

The Committee on Public Works arrives in Los Angeles on October 9th, holds a hearing on the 10th, and on the 11th, splits into two groups, one of which will drive to Riverside to investigate several problems, which in-

clude Whittier Narrows, San Antonio Dam, Lytle Creek, March Field, Prado Dam, and the Newport Harbor area. The other group will go down to Long Beach, seeing various Los Angeles projects, and meet the first at Newport, seeing Surfside en route. That day I should be twins!

These meetings are only incidents. The regular work of the Congressional office goes on daily, and the Congressman himself carries a full schedule of meetings and speaking engagements. I rise to remark that I would not want my correspondent to think I am, or was, complaining. It is an honor to represent the 22nd District, and in present world conditions, it is a privilege. However I never thought of it exactly as a restful job!

Whenever Fleet Admiral Chester W. Nimitz, USN, Chief of Naval Operations in the United States Navy, visits his home state of Texas he changes the buttons in his uniform and wears those of the Texas Navy, a small but potent "fleet" of vessels which protected the coastline of that State from 1839 to 1845, when it was incorporated into the United States Navy.

Fleet Admiral Nimitz, was commissioned an Admiral in the Texas Navy on October 12, 1945. Last year he learned that the Scoville Manufacturing Company of Waterbury, Conn., had found the dies from which they had made the buttons for the uniforms of persons in the Texas Navy and he immediately asked them to make him a set.

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster.

## City Saves Money By Doing its Own Marking of Streets

Palm Springs will heretofore do its own traffic line marking on Village streets.

William E. Alworth, city manager, announced that the city has bought its own traffic line marking machine and it will be working on the streets of Palm Springs next week. He added that the machine which costs \$420, will almost pay for itself within the next few months.

With the exception of the center line mark on Palm Canyon drive and Indian avenue painted by the state highway maintenance crews, all of the cross walks, parallel parking lines and other pavement inscriptions were contracted for. This year the city in addition will stripe Indian avenue where parallel parking will be enforced.

In some parts of the Philippines and Japan, during the birth of a child the father must take to his bed and simulate labor.

Our average wage-earner is worse off today than he was three years ago—Chester Bowles, former Economic Stabilization Director.

## Desert Hot Springs Happenings

A large crowd turned out for the VFW dance at the Idle Hour Cafe patio last Saturday night and another large gathering is expected this week-end. The VFW is in charge of these weekly dances and by popular request, the old-time Western dances prevail.

Music is by the Dills brothers and is making a hit with patrons. Two of the seven Dills brothers, all musical, own Dills market at Desert Hot Springs.

**RECOVERING** at the Palm Springs Community hospital this week from a serious accident is Ira Romack. He fell from a roof while working on the Ben Horton home.

He was taken to the Palm Springs hospital by ambulance and is reported making satisfactory progress today.

**DESERT MARKET** has been sold by Mr. and Mrs. John Gentile to Mr. and Mrs. Howard Gates, it was announced this week.

The Gentiles were the pioneer market owners at Desert Hot Springs, starting the first store there in the early days. They will continue to live here.

The Gates, no newcomers to the spa, took over the market October 1.

## Muriel Fulton Back in Village After Vacation

Muriel E. Fulton, Village realtor is back at her office after spending the summer between her ranch in Banning Heights and San Francisco.

Her office will be open during regular business hours as it was during most of the summer.

## 3701 in County Get Old Age Pensions

Old age security pensions were paid 3701 Riverside county residents during August, the state social welfare department reported this week.

Average grants were \$57.71 with the total paid out, \$213,061.25.

In the state as a whole \$9,945,995.10 was paid 174,932 needy aged.

American colleges and universities, in trying to care for increasing numbers of students, stand in danger of spreading their resources too thinly and lowering the quality of work.—Donald B. Tresidder of Stanford U.

## Urge Appointment of Commission to Operate Airports

Proposals for the creation of a paid county airport commission were under study today as result of last week's meeting of the county airport advisory committee which is studying operation of the county's string of airports at Blythe, Thermal and Ryan, near Hemet and a possible fourth field at Shaver's summit.

The commission would be empowered to act on a master plan for the operation of the airports, subject to review by supervisors and to divide the advisory board into sub-committees to deal with various problems.

Wayne Fisher, Palo Verde valley, suggested the appointment of the commission, declaring that operation of such a large airport system was no part-time job. David G. Logg, acting district engineer for the Civil Aeronautics commission told the meeting that little major improvements will be necessary to put the fields in condition to operate.

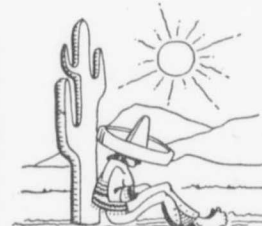

Whether the airports are operated on more than an emergency basis, for both day and night or only daytime service is up to the county, Logg said. The government may supply some needed equipment for operating the fields, he reported. Buildings could be moved from the Blythe base to the airstrip at Shaver's Summit, the CAA representative told the committee members. Government weather information will be available at the Blythe airport, he said.

Ryan Field now is in condition for landing and takeoff of most planes, it was reported by James Simpson of Hemet.

Work injuries to 3,063,000 workers were reported in 1946, which means that over 47 million work days were lost to production and reconversion. The National Conservation Bureau points out that the loss in time because of these accidents amounted to the work of 156,000 workers for one year. The 1946 figure was two per cent higher than that of 1945.

Gold is so ductile that one gram of it has been drawn into a wire two miles long, according to the Encyclopedia Britannica.

It has been estimated that there are approximately 12,000,000 illiterate people in the United States.

RANCHO MIRAGE

## What Goes on in Palm Valley

Over in the Del Sol district, rancher Paul Kersten does things in a big way. For the past year or two the local Thompson Seedless grape growers haven't been getting the cooperation from the Thermal packing house. Taking steps to remedy this, Paul bought one of the Torney ward buildings from Joe Leonard. He is setting this up as a packing house on his property on the new county road. In addition he just purchased the refrigeration plant from Torney and while he is not quite sure, this may be set up on a switch off the S. P. tracks quite nearby. This may be the first step toward a Del Sol Grape cooperative.

The Kersten ranch is sure a tribute to the work that Paul and Paul Jr. have put into it. All the roads are gravelled and many of them lined with oleanders. In addition to the acres he has set out in grapes, dates and alfalfa, they now have 10 acres in tangerines and 10 more in beans. Talking about ranches, Amos Odell of Rancho Odell is planting 40 more acres in grapes, and adjoining the King Gillette ranch where Bob Botes is setting

out 80 acres in grapes. Amos is surely a great booster for grapes, as he says they will always be good because with our early crop it's bound to be a money maker.

**THIS WEEK** date picking started in earnest. Jim Walden stopped in to leave us a lug of the new deglet noors. Jim owns the original Del Sol ranch, having been around these parts for over 20 years. He and wife Nell know more about dates than Carter knows about pills.

Down this week-end at their ranches, Earl Nittinger, the Santa Monica plumbing contractor, Jimmy and Edna Malone at their ranch, but staying at the Sage and Sun apartments in Palm Village as their home isn't quite ready. John and Reefa Deaton, Beverly Hills Lincoln Mercury dealer, opening their place for the season and doing some dove hunting. They gave Don Maher a beautiful automatic shotgun.

**IN RANCHO MIRAGE** Curt Ring's Indian store is almost ready to open. The Palo Verde shop officially opened for the season last Sunday with the popular Betty Blecker and Lois Fackler back on the job. They sure went all out in stocking the place with women's sportswear and western clothes.

Ed Jones made a quick take-off from Miami, Florida, ahead of the hurricane last week. Armed with plans, he is all set to build on his Rancho Mirage lot. Ed used to be tennis professional at the El Mirador way back 10 or 12 years ago.

Frank Bogert has things humming around Thunderbird ranch. He plans to open October 10.

The color of a metal can be seen much better if it is viewed by means of light which has been reflected many times off its surface. Thus, the inside of a smooth gold vase appears much richer in color than the outside.

## DAVID slew Goliath... WITH A PEBBLE

WITH a single swing of his slingshot little David bopped big Goliath between the eyes with a small round stone and mowed him down.

But that was a long time ago and things have changed since then. In this day and generation it takes more than a pebble of revenue to mow down the giant of rising costs.

But that's just what we're trying to do in the telephone business—trying to match the low rates of thirty years ago against the high material and labor costs of modern times. The telephone rates in existence today were established in general in 1918 but the cost of furnishing service has risen fantastically since then.

In 1918 it cost \$300 a mile to build a simple rural pole line (two wires on 25-foot poles). Today the same type of construction costs \$1,200 a mile, four times as much. In 1940 our annual traffic expense amounted to \$6.35 for each telephone in service. In 1947, with the new wage increase in effect, it will be \$21.50, an increase of 238%.

These examples will serve to show what is happening in the telephone industry, and why we are asking for an increase in telephone rates.

California Water & Telephone Company

## Church's Need for New Life Topic at Community Church

Sacrament of the Lord's Supper will be administered by the Rev. Charles Blackstone Jr., pastor, next Sunday at Community church.

The pastor will preach on "Does the Church Need New Life?" During the service a set of beautiful new offering plates given the church by the Ladies' Circle will be dedicated. The plates were presented as a token of appreciation and love for the years of service rendered by Dr. and Mrs. John Robertson Macartney.

A number of new members will be welcomed into the congregation.

Sunday school, under the direction of Mrs. William Veith, superintendent, will meet at 9:45 a.m.

Youth societies will meet at a special service at 6:15 p.m. under the leadership of a college deputation team from the Vermont Avenue Presbyterian church, Los Angeles. Six members compose the team with George Manning as leader.

At the evening service at 7:30 p.m. Dr. and Mrs. Wilfred Morris who spent many years in the Christian ministry in India will tell of present conditions in that land from which they have just come.

## Belief Necessary for True Religion is Rector's Topic

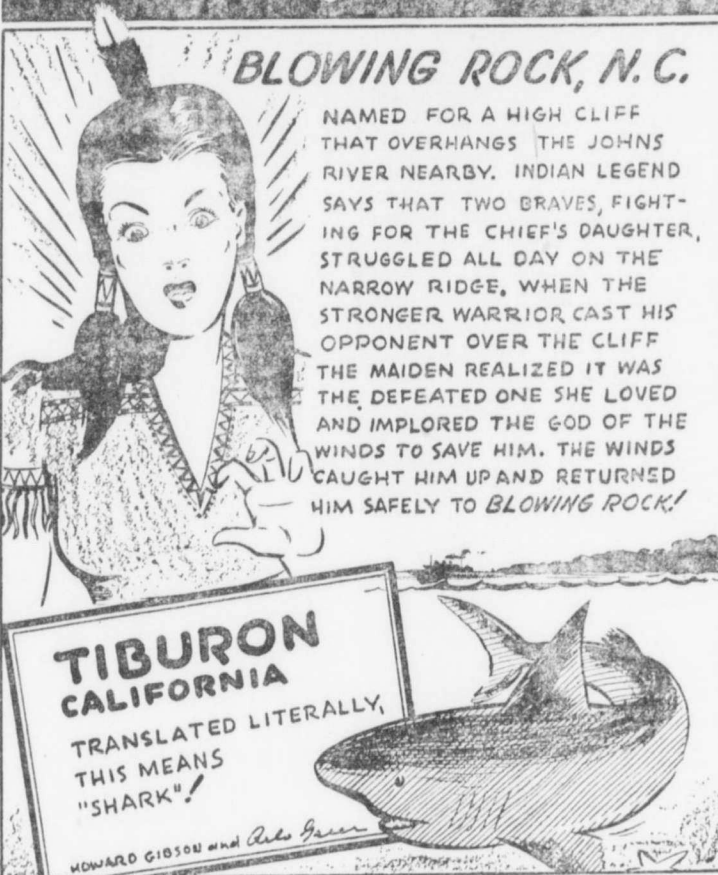

The Reverend Robert M. Hogarth, rector of St. Paul's in the Desert, will choose as the topic of his sermon Sunday "Is God Good? Does It Matter?" The following is an excerpt from his text:

"The Christian Religion as we view it in Scriptural revelation, and as we feel it in experience, would have no meaning to us if we could not believe that God is good—good, not only in life-giving motives and purposes towards all mankind, His children 'made in His image.' The human life of Jesus, in His total personality, as we view it in the Gospel story, is all good, perfectly good; and that thirty year life of Jesus on this earth is but a brief cross-section in time of the timeless God through all eternity.

"The enemies of Jesus tried to convict Him of heresy by judging Him on the basis of the sacred laws and traditions of a limited period in history, from Abraham onward; and Jesus made His reply a statement of His own timeless nature as the Son of God: 'Verily I say unto you, Before Abraham was I am.'"

Business has a right to pursue a profit. Labor has the right to bargain collectively.—Gov. Thomas E. Dewey of New York.

## Names...NICKNAMES

## Rev. Foster To Speak Sunday at Cathedral City

The Rev. D. L. Foster of Wheaton, Ill., affiliated with the Moody Bible Institute for the past twenty years, will preach next Sunday morning in the Community church at Cathedral City, it was announced today.

There will be Communion service at the 11 a.m. service Sunday. The Cathedral City Community church is now on the seasonal schedule with Sunday school classes at 9:45 a.m. and morning worship at 11 a.m., it was announced.

## New Hours for Masses Listed at Catholic Church

Reverend Michael O'Connor, pastor of Our Lady of Solitude church who last week returned from a trip to Ireland, announced the season's schedule of services. Three morning Masses will take place on Sunday, 6:30 a.m., 8:30 a.m. and 10 a.m. Instructions for school children will be on Mondays after school and Saturdays at 10 o'clock in the morning.

Probably the most fertile fish in the world, the common ling produces 30 million eggs at a time.

## Pot-Luck Dinner Tomorrow for Church Choirs

High school and adult choirs of Community church will rally tomorrow night at the church for a pot-luck dinner, the opening social event of the season, it was announced today.

A. L. Jacobs, noted choral conductor and an authority on church music will be the guest speaker. At present Mr. Jacobs is director of the music department of the Federated churches of Los Angeles.

He will be accompanied by his wife, Ruth Khriebe Jacobs, an expert on the training of children's voices. Mrs. Jacobs will be a guest speaker at a tea for all members of the children's choirs on Sunday afternoon.

## Kent Petition for Dances Out on Probation

Bill Kent, owner and operator of the Continental Club, who has been petitioning city council for a dancing permit for several weeks, had that petition denied again Wednesday night.

Instead, Kent was tendered a temporary permit for the operation of a restaurant for 30 days with the understanding that if he complies with all city and state regulations he will be granted a dancing permit.

The recommendation that the 30-day restaurant permit be granted to Kent was made by City Manager Alworth. The council quickly voted to accept the city manager's recommendation and Mayor Hyde explained that dancing permits are never granted to businesses in the city until they have been in operation for some time and under the scrutiny of police and the various fire and building inspectors.

**STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.**

Of The Desert Sun, published semi-weekly Tuesday and Friday at Palm Springs, California, for October 1, 1947.

State of California )  
County of Riverside ) ss.

Before me, a Notary Public, in and for the State and County aforesaid, personally appeared H. Grant Wood, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the Desert Sun and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse side of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher—Olive B. Jaynes, P. O. Box 190—Palm Springs, Calif.  
Editor—R. F. Graettinger, P. O. Box 190—Palm Springs, Calif.  
Managing Editor—None.  
Business Manager—H. Grant Wood, P. O. Box 190—Palm Springs, Calif.  
2. That the owners are: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)  
Olive B. Jaynes  
Frankie D. Jaynes  
Carl G. Barkow  
Maybelle F. Barkow

3. That the known bondholders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 3257.

H. GRANT WOOD  
Business manager.  
Sworn to and subscribed before me this 2nd day of October, 1947.  
(Seal) O. M. PERDEW.  
(My commission expires Sept. 23, 1950.)

The Americans cannot afford to leave our peace at the mercy of aggressors because we know that any aggression, wherever launched, imperils the peace of the Americas.—President Miguel Aleman of Mexico.

## Full Support to Mining in Joshua Tree Monument Promised by Phillips

A bill permitting mining activities in Joshua Tree National Monument will have the full support of Congressman John Phillips of this city and he will see that it is introduced in Congress. President R. C. Phillips of the Riverside County Chamber of Mines made this report to his group last week after a conference with the local congressman.

Demands of mining interests throughout the west that the Monument be opened on the same basis as Death Valley National Monument were aired at a Congressional committee hearing in San Bernardino yesterday.

R. C. Phillips said Congressman Phillips had agreed to present the point of view of the Chamber of Mines at the hearing, in addition to carrying the issue

to the floor of Congress. The hearing on Wednesday was conducted by a touring subcommittee of the House Public Lands committee, which includes Congressman Clair Engle and Norris Poulson of California.

Mining people charge that mining claimants have been arbitrarily excluded from their claims and the value of their holdings has been arbitrarily denied.

They insist that there is no justification for the complete ban on mining operations. The Death Valley arrangement, with which they concur, permits mining under supervision of the Department of the Interior.

Light travels about two-thirds as fast in glass as it does in water.
